ENUMERATORS PAD CENSUS RETURNS

DIRECTOR REPORTS FRAUDS AT TACOMA

Over 33,000 Too Many on List—Recount Will Be Demanded

Tacoma, Wash., Oct. 17.—Following the announcement of the director of the census that Tacoma's census count was padded with more than 30,000 fake names, the leading business men and members of the commercial organizations to-day started a movement for a complete recount of the census by paid enumerators of the government. Mayor Fawcett is at the head of the movement.

Great indignation was caused by the news from Washington of the action of Director Durand in charging that thousands of fictitious names had been found in Tacoma's census returns and the charge is vigorously denied by those having active part in the enumeration. Demands for a recount are heard on every hand.

A mass meeting of Commercial club members will be held at the club rooms this afternoon and the board of directors of the chamber of commerce will meet in special session at the Union Club. At both meetings formal protests against Durand's action will be made in the form of resolutions and emphatic demands that the government at once recount the city will be framed and wired to Washington. Plans for recounting the city as a city undertaking in case the government refuses will also be considered at the meeting.

Prosecutions May Follow.

Washington, D. C., Oct. 11.—Staggered by the enormous growth shown by the returns of the census for a number of western cities, Director Durand, of the census bureau, ordered an investigation, the result of which appeared in the announcement that gross frauds had been perpetrated. Mr. Durand gave out, also a letter from President Taft, directing that persons implicated in the alleged frauds be prosecuted.

Cities specifically mentioned as being affected by the frauds are: Tacoma, Seattle and Aberdeen, Wash.; Portland, Ore.; Minneapolis, Minn.; Boise, Idaho; and Fort Smith, Ark.; but it is said that there are many others. The result of a second enumeration of Tacoma, Wash., was announced Saturday. The city shows a population of 82,972, an increase of 45,258, or 120 per cent. over the population of 1900. The first figures turned in for Tacoma was 116,248. In other words, the actual population was padded to the extent of 33,266, which would have meant a further addition of 40 per cent. These additions were made in 24 out of 72 enumeration districts in Tacoma. In some of these districts the number reported proved to be several times greater than the actual population. In ten districts enumerated the figures showed 29,753 names, whereas the correct number proved to be 11,646.

The letter of President Taft, dated Beverly, Mass., October 11, in part was as follows: "The cases of all those who appear to have violated the law shou'd be investigated by the grand jury, and if sufficient evidence is found to justify it, they should be indicted and prosecuted at once. Nothing will so conduce to securing a proper census as the prosecution of those who attempt a fraud upon the law. I am led to believe that the present census has been much freer from attempted frauds than any previous census."

MRS. JULIA WARD HOWE DEAD.

Boston, Oct. 17.—Julia Ward Howe, famous as the author of the "Battle Hymn of the Republic," died to-day at the home of her daughter, Mrs. Maud Elliott, at South Portsmouth, R. I., according to a telephone report received here.

Mrs. Howe had been seriously ill for several weeks.

Julia Ward Howe was born in New York in 1819 and was extremely well educated for a girl of her time in the early part of the 19th century. She married Samuel Gridley Howe in 1842. All Mrs. Howe's life she stood out foremost in the ranks of good and sincere women and earned the sobriquet of "America's Grand Old Woman."

RAILWAYS IN WASHINGTON.

Over 5,760 Miles of Track in That State.

Olympia, Wash., Oct. 16.—Figures compiled by the state tax commission show that there are 5,725.845 miles of railroad in Washington at the present time, and that the Northern Pacific has more than twice as much as any other road. Its total mileage, including tracks of all kinds, is 2,425.858, while the Great Northern, the next largest, has but 1,145.424 miles. The Northern Pacific has more main line track than the total mileage of any other road in the state, with the single exception of the Great Northern.

TOURING PACIFIC COAST.

U. S. Secretary of Navy Pays Visit to Los Angeles.

Los Angeles, Cal., Oct. 17.—Secretary of the Navy Meyer arrived from San Francisco to-day. Meyer reiterated his advocacy of a battleship fleet for the Pacific coast upon the completion of the Panama canal.

GOOD SHOWING AT FALL FAIR

DEFICIT WILL BE A VERY TRIVIAL ONE

At Present Calculations is Less Than $800 and May Be Reduced

It comes as a very pleasant surprise to the people of Victoria to learn that the deficit in connection with the financing of the late fall fair under the auspices of the B. C. Agricultural Association is a very trivial one—less than $800. The secretary, George Sangster, said this morning that he even hoped to make the balance on the wrong side of the ledger smaller still, as a number of bills yet remain unpaid on which there will be discounts aggregating a considerable amount. As at present calculated, the actual deficit is $794.76. The financial statement of receipts and expenditure in detail is as follows:

Receipts.

Subscriptions—	
Provincial government grant	$ 2,000 00
City of Victoria grant	2,000 00
Clydesdale Horse Society of Canada	150 00

Police	139 50
Expressage and hauling	66 65
Total	$ 5,208 61
Total expenditure	$23,827 63

CHARGE AGAINST WOMAN.

Accused of Having Attempted to Kill Her Sister-in-Law.

Ashland, Ore., Oct. 17.—Emma Stone Dorman, a married woman about 35 years of age, is lodged in the city jail on a charge of attempting to kill her sister-in-law, Mrs. Lena Truitt.

Wood, supposed by the authorities to have contained dynamite, was used in the Truitt stove. Two explosions occurred which wrecked the stove and endangered the lives of Mr. and Mrs. Truitt.

WILL VISIT TORONTO.

Earl and Lady Grey Will Arrive on Thursday Morning.

(Times Leased Wire.)

Toronto, Oct. 17.—Announcement is made that the Governor-General and Lady Grey will leave Ottawa by special train on Wednesday night, arriving in Toronto on Thursday morning, but as yet only partial arrangements for their reception have been completed. Earl Grey will present the prizes at St. Andrew's college on Friday forning.

BOMB EXPLOSIONS IN FRENCH CAPITAL

Anarchists Suspected of Planning Outrages—Over Hundred Arrests Made

(Times Leased Wire.)

Paris, Oct. 17.—Paris virtually is under martial law to-day following bomb outrages believed to have resulted from a refusal by Premier Briand to allow a demonstration of railroad strikers in the Boise De Venicennes.

One bomb partially wrecked the home of M. Massard, director of La Patrie, a newspaper opposing the strike. The explosive also damaged the home of Mme. Sarah Bernhardt, which adjoins that of Massard. No one was injured in the explosion.

A second bomb was fired in the Ternes quarter and one man was injured.

On Massard's door was found a card reading: "This is the strikers' first warning."

The police have arrested 120 anarchists on suspicion of having plotted the outrages.

ELECTRIC CARS COLLIDE.

Twelve Persons Injured in Accident at Los Angeles.

Los Angeles, Cal., Oct. 17.—Twelve persons were injured, one perhaps fatally, when a Covina car of the Pacific electric line crashed into a southbound Pasadena car at the entrance to the Macy street bridge to-day. W. Al Wade, of South Pasadena, was injured internally. He was taken to a hospital where his condition was pronounced serious.

STANLEY KETCHEL'S ASSAILANT IN CUSTODY

Explains Flight After Tragedy—Declares He Fired in Self-Defence

(Times Leased Wire.)

Springfield, Mo., Oct. 17.—Stanley Ketchel's body was sent to Grand Rapids to-day and the inquest will be held to-morrow.

Walter Dipley, alias Hurtz, the slayer of Ketchel, will be called as a witness, although he is expected to refuse to testify. Dipley to-day made a statement explaining his flight after shooting Ketchel by saying he was a deserter from the navy and feared his desertion would be exposed if he was arrested.

"I shot Ketchel in self-defence," said Dipley.

The authorities do not believe his statement regarding the shooting, but consider it likely he was a deserter. They are somewhat puzzled over the women's connection with the case. She had repeatedly made contradictory statements, first saying she was the slayer's wife and then saying her name is Goldie Smith. Dipley said her name is Mrs. Knight. Her career prior to the shooting is not known.

Fitzsimmons, Corbett, Johnson, Sullivan, Papke and hundreds of others have wired telegrams of condolence to the dead fighter's parents.

MUCH BUSINESS BEFORE BOARD

COUNCIL WILL HAVE INTERESTING SESSION

Mayor to Advocate Creation of a Board of Control and a New City Hall

An unusually large number of important matters are slated for consideration at this evening's meeting of the city council. Mayor Morley is to advocate the introduction of the board of control system and also outline a scheme for new muhicipal buildings. The question of paving material and paving contracts is likely to arouse considerable discussion when the tenders for the work to be done on McClure street comes to be finally considered. A large number of local improvement works will also be passed upon, among them being the widening of Douglas street between Humboldt and Superior streets.

In regard to this latter project the city engineer has prepared the following report:

"Attached herewith is a plan for widening Douglas street between Humbo dt street and Superior street. This is the plan submitted to your last meeting, in amended form, showing an alternative route indicated by blue lines. The alternative plan will take a wedge shaped strip from the C. P. R. hotel site, beginning 39 feet wide at Belleville street and running to a point at Humboldt street. A strip will be taken from the property of Hon. J. S. Helmcken, 60 feet wide at Belleville street and tapering to 20 feet at Elliott street. There will be a strip 9 feet wide taken from the west side from the Goodman and Skene properties on Douglas between Elliott street and Superior street. The city assessor estimates that it will cost $26,000 for widening this street as proposed a week ago, and shown in red on the accompanying plan. He estimates that to widen this street as proposed, and shown by the blue lines, will cost approximately $28,000. To pave this street in either case will cost approximately $40,000."

City Engineer Smith makes this suggestion regarding the site for the proposed public convenience, in the following report, which will be considered this evening:

"Attached herewith is a plan of the vacant city property, just east of

(Concluded on page 16.)

PREMIER OF N. S. W. WILL PROBABLY RESIGN

Labor Party May Gain Another Seat in One of Second Ballots

(Special to the Times.)

Sydney, N. S. W., Oct. 17.—The result of New South Wales election is doubtful up to the present time. The Laborites have a majority of two, and they may gain a seat in one of the second ballots, of which there are three. The resignation of Premier Wade is certain.

STREET RAILWAY MEN DISSATISFIED

Declare Company Dismissed Employees Because of Their Union Proclivities

(Special to the Times.)

Winnipeg, Oct. 17.—Dissatisfaction of street railway employees over the summary dismissal of a number of motormen and conductors found vent in a closely guarded meeting on Sunday morning. The men claim that the victims were selected by spotters because of their union proclivities, rather than real faults, and while the concrete results of the meeting were not made known, it is believed that one faction insisted upon the reinstatement of the men, while another faction claimed the company was doing nothing more than right under the circumstances of strong representations made by the public. It is understood the meeting adjourned until Tuesday, and meanwhile a committee will interview company officials.

It is said that owing to a scarcity of men during the summer inspectors have ignored minor breaches of discipline, not caring to suspend men when unable to properly man all their cars, and that some of the men undoubtedly have taken advantage of this leniency.

WILL RESIDE IN VICTORIA.

(Special to the Times.)

Winnipeg, Oct. 17.—James Barnet, accountant in the office of General Superintendent Cameron, of the Canadian Northern, on retiring from the service of the company, was presented with a handsome travelling case by members of the staff. Mr. Barnet leaves on Tuesday for Victoria, where he will reside.

HOUSE OF BRAGANZA BANISHED FOREVER

Portuguese Government Will Revoke Titles and Orders of Nobility

(Times Leased Wire.)

Lisbon, Oct. 17.—The provincial government of the republic of Portugal today decreed that the house of Braganza, of which Dom Manuel is the titular head, shall be banished from Portugal forever. The government ordered that titles and orders of nobility shall be abolished or revoked.

Government officials hereafter will handle state functions heretofore attended to by the priests. The church will have no voice in state management, and schools have been ordered removed from the church's domination.

JAPANESE CADETS SAIL.

Tokio, Oct. 17.—The training cruisers Asama and Kasagi, with 149 cadets on board, sailed from Yokoshuka to-day for a cruise to the American coast of the Pacific ocean. The two school ships will go as far south as Panama.

Japanese papers state that the vessels will be at Panama for the celebration there on December 30. It is believed that President Taft will have left Panama by that time.

SIR THOMAS HAS ARRIVED

PRESIDENT OF C. P. R. REACHED THE CITY TO-DAY

Party is Quartered at Empress Hotel and Will Remain Several Days

Sir Thomas Shaughnessy, president of the Canadian Pacific Railway Company, reached the city this afternoon, coming over from Vancouver on the Princess Charlotte. Accompanying Sir Thomas are C. R. Hosmer, one of the directors of the company and Wm. Whyte, second vice-president. The party is quartered at the Empress hotel and will remain in the city for several days.

Sir Thomas, while here will, it is anticipated, reach a decision as to when work shall be started in the near future on the additional wing it is proposed to the Empress hotel and to make announcements on other questions of interest to Victoria and Vancouver Island. The board of trade will seek an interview with him on a number of matters.

It is likely that Sir Thomas while here will be able to state with some exactitude the date when the improved steamship service on the Pacific shall be inaugurated by the C. P. R. At the recent annual meeting of the company in Montreal, he announced that the Pacific service would be improved in the near future and that larger steamships would be constructed for service on the Atlantic. It is assumed that the Empress of Britain and the Empress of Ireland, the palatial steamships at present in use on the Atlantic, will be transferred to the Pacific. In this connection it is interesting to recall that Sir Thomas some five years ago said that when the Atlantic Empresses were transferred to this coast, it was not improbable that they would call at and depart from some port on the west coast of the Island.

While the Cameron Lake extension of the E. & N. railway has not yet been opened for regular traffic, everything is in readiness to do so and it is probable that Sir Thomas and party will take a run over the road on a special train before leaving for the mainland.

TRIAL OF DR. CRIPPEN.

Hearing of Murder Charge Will Begin in London on Tuesday.

London, Oct. 17.—Dr. H. H. Crippen, accused of the murder of his wife, Belle Elmore Crippen, will go to trial on the charge to-morrow.

Lord Chief Justice Alverstone will preside, and King's Counsel Moore will conduct the prosecution, with Barrister Humphreys assisting.

Barrister Tobin and Jenkins will defend Crippen and Barrister Smith and Barrington-Ward will defend Miss Ethel Clarke Leneve, charged with being an accessory to the alleged murder. Miss Leneve's trial will begin at the completion to that of Crippen. Solicitor Newton will prompt the defence and it is expected the Crippen trial will last a week.

BURRO CAUSES WRECK.

Fireman Killed and Engineer Injured When Engine Is Derailed.

Roswell, N. M., Oct. 17.—Fireman J. H. Sauter is dead and Engineer A. A. Richey fearfully scalded as the result of a wreck on the Santa Fe line near Greenfield. The train ran down a burro. The little animal was caught beneath the pilot and the engine was derailed. None of the passengers were hurt.

HINDU IMMIGRATION FALLS OFF.

San Francisco, Cal., Oct. 17.—The fact that only 20 Hindu immigrants were aboard the liner Mongolia when that vessel arrived here is believed by the Anti-Asiatic Immigration League to indicate that the wholesale turning back of immigrants from this port have had its effect.

Twenty is the smallest number ever brought over by a trans-Pacific liner since the Hindu invasion began.

CHAMPIONSHIP BASEBALL SERIES

EYES OF FANS TURN TO PHILADELPHIA

Chicago Cubs and Mack's Athletics Meet in the Opening Game

(Times Leased Wire.)

Athletics 4, Cubs 1.

The world's championship baseball series:

Contestants—Chicago Nationals and Philadelphia Americans.

Stake—World's championship and a part of the receipts.

Number of games—Until one team has won four games.

Games—In Philadelphia October 17 and October 18; Chicago, October 20 and 21; in case of extra games, Philadelphia October 22; Chicago October 23; site for seventh game, if necessary, to be decided by lot.

Division of receipts—Ten per cent to the National Commission, 60 per cent. of 90 per cent. of the first four games to the players on a basis of 60 per cent. to the winners and 40 per cent. to the losers. Remainder to the club owners.

Estimated receipts—Ten per cent. above last year's, which were $40,271.50, first game; $41,884.50, second game; $20,676, third; $21,103, fourth; $32,173, fifth; $12,517, sixth; $19,677, seventh. Total, $188,302.50.

Umpires—O'Day and Rigler, from the Nationals; Connolly and Sheridan for the Americans.

Former winners—1903, Boston Americans over Pittsburg Nationals, five games to three; 1905, New York Nationals over Philadelphia Americans, four games to one; 1906, Chicago Americans over Chicago Nationals, four games to two; 1907, Chicago Nationals over Detroit Americans, four game to none (one a tie); 1908, Chicago Nationals over Detroit Americans, four games to one; 1909, Pittsburg Nationals over Detroit Americans, four games to three.

Players eligible—Twenty-three Cubs and twenty-three Athletics.

Betting—Even in Chicago and 10 to 9 on the Athletics in Philadelphia.

Number of former world's championships won by teams—Two for Chicago and none for Philadelphia.

Number of pennants won by respective managers—Four by Chance and three by Mack.

Philadelphia, Oct. 17.—Father Penn is far from a sober gentleman to-day. His Quaker hat is tilted to one side; his spectacles hanging to one ear; his wig awry, and his general appearance resembling extreme perturbation.

And well he may look this way, for his pet Athletics are to begin battle to-day with the terrible Cubs from Chicago for the baseball supremacy of the entire mundane sphere and the interstellar spaces.

Shibe park was the centre of the baseball world to-day and it was to this great playground that the tens of thousands poured in a mad rush to lend their moral support and vocal chords to the all-important object of returning Mack's men a winner in the first game of the momentous series. There was no other thought in the minds of Philadelphians, from Mayor Reyburn down to the gamins on the streets.

The best that may be said for the Athletics and their supporters is that they are hopeful of winning the greatest honor that can come to a ball team. A week ago Manager Mack and his men were extremely confident, but as the moment of the initial clash drew near, it was only natural that apprehension should make its appearance and the inevitable nervousness crop out. Maybe it's a good thing, too, for "determination" is now written all over the Athletics' camp.

The feeling is general that this is the American League's year. Not since the Chicago White Sox surprised the baseball world by beating practically the same team of Cubs that will line up this afternoon has an American League pennant flown the prize banner. As the present crop of Athletics is by far the strongest that ever represent-

X-RAY PICTURES.

The latest thing in moving pictures is that obtained through the agency of X-rays.

It was reported a little while ago that a Dutch scientist had shown to a congress of German scientists a cinematographic representation of the beating of a human heart. That it is possible to take such photographs with a considerable measure of success is proved by the films which have just come into the possession of Messrs. Pathe Freres.

They show in a dramatic way the examination of a patient's stomach by a doctor who employs X-rays for the purpose. The man's interior is plainly visible upon the screen, and a cinematograph picture is thereby obtainable in the ordinary way. As a curiosity the film is undoubtedly of great interest.

LOCAL NEWS

—Judgment was handed down in the county court this morning in the case of Johnson vs. McDougall & Jenkins, in which the plaintiff was awarded $60 and costs. The plaintiff entered a claim for $260 as the amount due him for services rendered the defendant recently in removing certain machinery. C. F. Davie appeared for the plaintiff and H. M. Robertson, Vancouver, for the defendant.

—J. M. Browning, Rhode Island, was among the callers at the offices of the Vancouver Island Development League this morning. He is desirous of securing land in the vicinity of Victoria and is inspecting several farms in Metchosin, Colwood and Sooke. John McCurdie, Glasgow, Scotland, forwarded a letter to the league asking for information regarding fruit farming on this island. He has a capital of $4,000, and will invest it here if good returns can be guaranteed him.

—In the recent engineers' examinations, conducted by Inspector Baxter, the following candidates for third class certificates who passed were G. Matthews, C. E. Harrison, B. Fisher, H. G. Horne, W. M. Dwyer, S. Spencer, R. Sanderson, E. L. Fawcett, R. McLuckie and C. J. Inman. Those who succeeded in obtaining a fourth class certificate were J. T. Cooper, R. Murray, A. Deans, M. A. Henshel, T. Howard, T. Dunn, E. Gibbs, F. C. Bland, H. T. Devonshire, W. Isbister, R. B. Thompson, W. Tozer, F. W. Buck, E. L. Paddon, R. W. Pringle and A. Galloway.

—Regarding a rumor to the effect that the B. C. Electric Railway Company had abandoned the proposed extension of its lines through the Saanich district, the local manager, A. T. Goward, stated to the Times to-day that there was no change in the situation as previously reported. The matter was under consideration by the company and it was possible that an agreement would be reached between the railroad and the residents. Asked if he could say definitely that the B. C. Electric Railway Company would not give up the building of the extension, Mr. Goward said that he could make no statement except that no definite decision had yet been reached.

FLYING SCHOOL.

M. Bleriot, the first man to fly the channel, has opened a flying school. The school will be carried on under M. Bleriot's personal supervision.

The first pupil is Mr. Frank Hedges Butler, one of the founders of the Aero club. There are six pupils in all, the full number M. Bleriot intends to take at present. Later, when he has more instructors, he hopes to have more pupils.

BUY BLOCK ON GOVERNMENT ST.

CALGARY FIRM ACQUIRES CHALLONER-MITCHELL SITE

An Interesting Transaction in Real Estate Put Through by L. W. Bick

An important real estate deal was completed this morning whereby the fine business block on Government street, occupied by the Challoner-Mitchell Co., manufacturing jewellers, was transferred to Watson Bros., of Calgary. The sum involved in the transaction was in the neighborhood of $100,000. The sale was negotiated by L. W. Bick.

Watson Bros. purpose conducting a jewellery business in the same store as that now occupied by Challoner-Mitchell & Co., just as soon as the lease which is held by the latter expires. It has still some time to run. It is understood that Challoner-Mitchell Company will continue in business in Victoria, occupying a new store on Yates street.

The property which passes to Messrs. Watson Bros., who by the way are large dealers in diamonds, as well as manufacturers of jewellery, was owned by the B. C. Land & Investment Co. The lot, which has a frontage of 46 feet on Government street, and is 60 feet in depth, has a three story modern business block thereon. The second story is occupied by the Alexandra Club, and the upper story by the Challoner-Mitchell Company for their manufactory.

INJURIES PROVE FATAL.

Los Angeles, Cal., Oct. 17.—Judge Johnson Noyes of Boston died to-day at the Sisters' hospital from injuries he sustained alighting from an elevator September 22nd. He formerly was a member of the Massachusetts legislature.

EXILED ROYAL FAMILY.

King Manuel, the Queen Mother and Duke of Oporto Sail for England.

Gibraltar, Oct. 17.—The members of the Portuguese royal family left Gibraltar, King Manuel, the queen mother Amelie and the Duke of Oporto embarked on the British royal yacht Victoria and Albert, while the queen dowager, Maria Pia, went aboard the Italian warship Regina Elena.

The Victoria and Albert sailed for Portsmouth at 5 p.m. She was preceded by the Regina Elena, which got away two hours earlier. The latter proceeded for Spezia, from which point the queen dowager will go to join the king and queen of Italy at the royal shooting box near Piaza.

FLIES 350 MILES.

Dutch Aviator Accompanied by Passenger Travel From Paris to Brussels and Back.

Paris, Oct. 17.—Having travelled 350 miles in a little more than fifteen and a half hours, Henry Wynemalen, Dutch aviator, to-day completed his Paris to Brussels and return flight, carrying a passenger. Wynemalen stopped twice en route to Brussels, returning last night to St. Quentin, 16 miles from Paris, and completed his flight to-day without incident. His exact elapsed time was 15 hours, 38 minutes and 28 seconds.

He was flying for a prize offered the aviator making the flight in the fastest time. The contest closes January 19th. Aviator LeGagneux, carrying a passenger, started at the same time yesterday as Wynemalen, but remained over night at Brussels, electing to complete the flight to-day. LeGagneux stopped once in the flight to Brussels. He is expected here late to-day.

GIANTS VS. HIGHLANDERS.

New York, Oct. 17.—After battling for ten innings without either side gaining an advantage the Giants and Highlanders called it off in today's game at the American league park in the inter-city championship series, score stood 5 to 5.

Score—

	R.	H.	E.
Giants	5	3	5
Highlanders	5	6	1

Batteries—Crandall, Ames and Myers; Ford, Warhop and Mitchell.

THREE FATALLY SCALDED.

Three Men Injured When Evaporator Bursts in Boiler-room of Torpedo Boat Destroyer.

Santa Barbara, Cal., Oct. 17.—Three men were fatally scalded on board the torpedo boat destroyer Truxton off Santa Rosa Island, Sunday.

News of the accident became known when the Truxton put in here with the injured.

The injured men are: Frank L. Howard, 22, fireman, Salt Lake City; Thomas J. Kierman, 26, first class electrician, Albany, N. Y.; Harry W. Bailey, 24, machinist, Washington, D. C.

They were caught in a maelstrom of rushing steam and boiling water when an evaporator in the boiler room burst.

When the accident occurred the Truxton was with a flotilla of six destroyers engaged in gun practice.

Each of the victims was terribly burned. It was stated at the hospital to which they were taken, that they probably would die.

The explosion is said to be the fourth that has occurred in the torpedo flotilla on the Pacific coast within two years.

SEATTLE CENSUS RETURNS.

Seattle, Wash., Oct. 17.—R. W. Hill, local supervisor of the local census, stated to-day that the first figures turned in by his department to the census bureau will be found substantially correct when the investigation count, now being made by government agents, is completed. "There was no padding of the figures in Seattle," Mr. Hill stated emphatically.

"THE AMERICA'S" FLIGHT.

Last Dispatch Reported That Ideal Weather Favored Aeronauts.

Siasconset, Mass., Oct. 17.—The Wellman dirigible "America" has been out of touch of the wireless stations and passing ships for many hours and it is believed that the aeronauts are continuing steadily northeastward.

The last report was that the weather was ideal and that the airship was able to conserve its store of gasoline. The speed at which the "America" sailed was reported at 20 knots an hour.

The last word from Jack Irwin, the dirigible's wireless operator, was "Good-bye," at noon yesterday.

Atlantic liners are expected to intercept and relay messages from the America.

It is estimated that the balloon has travelled 700 miles already, which is a record flight for a dirigible. Wellman sent a wireless message yesterday saying that the "outlook was not so favorable, that the dragging equilibrator shook the airship as the floating tanks leaped from wave to wave."

It is feared that a storm reported last night off Sable island, may have struck the airship.

STEAMER SINKS.

Many Lives Reported to Have Been Lost off Coast of Brazil.

Portland, Ore., Oct. 17.—A report reached here late this afternoon that the steamer Port Marnock sank near Cape Freo, Brazil, and that many lives were lost.

DIED.

Does the Work

Amberola

Convey Any Meaning to Your Mind?

If it does, you probably know and realize what the "Amberola" is.

If, however, it does not, we would say that this is the latest achievement in the Talking Machine line.

It does away with the unsightly horn, and instead of the rasping, scratchy sound so noticeable in a large number of Graphophones, there is only the pure tone of the record to be heard.

These and many other features found in the Amberola we will gladly explain if you will call at

CONFERENCE ON VETO QUESTION

Attorney-General Confident Satisfactory Solution Will Be Reached

London, Oct. 17.—Although a month has yet to elapse before parliament will meet and the result of the conference on the veto of the House of Lords is announced, public curiosity is at its highest point regarding the probable outcome of the meeting of the rival parties.

Interest is heightened by the announcement Saturday that Mr. Lloyd George, the chancellor of the exchequer, has postponed his political campaign in Wales. A month ago he promised to speak at various centres and great interest attached to his proposed tour in consequence of his statements favoring Home Rule for the principality.

The sudden change of plans is taken to indicate that questions have arisen at the veto conference which demand careful treatment and which any injudicious attacks on political opponents by partisans of either side might greatly complicate, if not render impossible of settlement.

The newly-appointed attorney-general, Sir Rufus Isaacs, has partly lifted the veil that shrouds the proceedings of the conferences. In a speech at Manchester he expressed confidence that the outcome of the conference would result in a settlement satisfactory to both parties, and he asked the public to have patience so that the hands of both sides should be free to deal with all the problems that had arisen.

The question of the powers of the Imperial Parliament as regards local legislation is declared to be under discussion.

Cabinet ministers' speeches indicating that local parliaments for England, Ireland, Scotland and Wales are not without the pale of practical politics are held in some quarters to be a faithful reflection of the course of the present negotiations.

RELATIONS BETWEEN CANADA AND STATES

Verdict in Fisheries Case Has Given Satisfaction to Both Countries

Ottawa, Oct. 17.—How greatly the Canadian-American relations have increased in cordiality was manifested here Saturday, when Hon. A. B. Aylesworth, Canadian minister of justice, addressed the Canadian club on the subject of the recent fisheries arbitration at The Hague. Not only did his cordial references to the ability of his Canadian and British colleagues in the case arouse enthusiasm, but the audience, which included Sir Wilfrid Laurier, Sir Charles Fitzpatrick, chief justice of Canada, and many other prominent officials, warmly applauded the mention of the satisfaction which the verdict had given to both Canada and the United States.

Eight years ago Hon. Mr. Aylesworth returned from London, where he had been a member of the tribunal in the Alaskan boundary dispute. Canada was then resentful, both toward the United States which won the case, and toward Lord Alverstone of England, who had voted with the Americans. It required all Hon. Mr. Aylesworth's tact to prevent a pointed manifestation of this sentiment.

Canada's success at The Hague Hon. Mr. Aylesworth attributed first to the excellence of the Canadian case and to the thoroughness of its preparation. For this he gives primary credit to John S. Ewart, K. C., who went to London before the arbitration began and devoted his time exclusively to the case. He paid also a high tribute to Sir William Robson and Sir Robert Findlay, designated as counsel by the British government, in outlining the various points of the case. He paid a high compliment to the consummate ability of the American counsel in arguing for the American claim to immunity from local regulations in fisheries. The result of the case, he declared, could not fail to strengthen the feeling of devotion of Canada to the Mother Land.

Sir Charles Fitzpatrick, who sat as one of the judges in the case, declared that if the verdict was satisfactory it was certainly in large measure due to the aid given the court by counsel on both sides. He paid an especially high tribute to the personality of an American colleague on the bench in the case, Judge George Gray, of Delaware.

VANCOUVER FAIR.

Vancouver, Oct. 17.—The actual net profit of Vancouver's first big industrial exhibition was $7,896.95. Such is the report of the association's auditors, Messrs. Bendall, Sewell & Co.

This profit is arrived at after payment of all expenses arising out of the exhibition and provision made for any sums not yet met. According to President J. J. Miller, this result is regarded by the executive as eminently satisfactory.

The general statement of the accounts of the association, covering all financial transactions up to September 30, showed that after paying off old accounts and general expenses of organization in connection with the show there remains a balance over liabilities of $7,308.02.

TAFT WILL AID ROOSEVELT.

Beverly, Mass., Oct. 17.—President Taft is to do all he can to help Colonel Theodore Roosevelt win victory for the Republican State ticket in New York. This fact was evident here Saturday night when it became known that the president would ask two or three members of his cabinet to go to New York and assist in the campaign there. Mr. Taft, it is said, takes absolutely no stock in the story that Colonel Roosevelt will oppose him as a candidate in 1912.

REVELSTOKE TRAGEDY.

Revelstoke, Oct. 17.—The coroner's jury which investigated the murder of Frank Julian, returned a verdict of wilful murder against some person or persons unknown.

Fall and Winter Styles as Varied and Beautiful as Will Be Found in Many Days' Shopping

The question, "What kind of a new Suit shall I buy for street and general wear?" or "What style of frock for afternoon and evening?" is answered here in a number of authentic and satisfying ways. A profusion of Ladies' Misses' and Children's stylish modes are awaiting you at prices that are delightful comparisons with quality, style and tailoring.

First Big Showing of CHILDREN'S COATS

Mothers will be pleased to hear that our showing of Fall and Winter Coats for the young ones eclipses any of our previous displays. Among them are brown and green and grey and green tweeds. Serges, of course, are paramount, and the color offerings in serges include navy, green and cardinal. There are also quite a number in just the plain cloth, trimmed with black braid.

We're also making an exclusive showing of CHILDREN'S BLACK PONY FINISH CARACUL CLOTH COATS, with black and red braided collors.

The above mentioned are in all sizes and at all prices.

Silk and Net Waists

When a silk or net waist is attractive, it is stunning—our showing is of that order. Our latest arrivals in this line are crepe de chene, chiffon and silk, with all-over net. We draw your attention to our display of these new waists in our centre windows.

To show you what is correct in fancy and tailored waists we have searched both this country and Europe, and with what success, we leave to your good judgment.

SOLID COMFORT

There's solid comfort in every Mission Chair and Rocker we sell. DISCOMFORTS OF TRAVEL ON THE E. & N.

As a preface to the somewhat drastic action it is about to propose, it may be necessary for the Times to explain that it does not believe in, but, on the contrary, is unalterably opposed to, "cruel or unusual punishment."

The suggestion herewith made may be adopted by the Board of Trade or by any collection of individuals or any single individual having a deep regard for the rights and the welfare of the community. The suggestion is that on the occasion of Sir Thomas Shaughnessy's visit to Victoria that that gentleman as the head of the great and powerful corporation, the C. P. R. be, if necessary, kidnapped, taken up the line of the E. & N. Railway (say on a Sunday), and forced to wait at some of the way stations of the road for the arrival of the fast express train which will convey him to the city.

The sight of Sir Thomas sitting in an open shed amongst, from fifty to a hundred others, damp and shivering, or perhaps camped around a fire made in the woods, showering anathemas on a train which may be from half an hour to an hour and a half overdue, with no means of finding out when the "flier" may be expected, would produce a grim satisfaction in the heart of many a numb figure.

We feel quite safe in saying that in no other part of Canada would the conditions which prevail on the line of the E. & N. be tolerated. We are convinced that no community elsewhere than on Vancouver Island would tamely submit to such treatment as patrons of the E. & N. are compelled to endure week after week during the winter season. Open sheds as "waiting rooms" might be tolerable if there were any assurance that trains would be run even approximately on time. But there is no such guarantee nowadays. The evening train in particular runs as it listeth. The thing it appears to be least concerned about is its time table and the convenience and comfort of its patrons.

It is not for anyone unfamiliar with the mysteries of railway management to say whether the declension of the service is due to increase of business or deterioration of the rolling stock. Probably a combination of the two has something to do with it.

In order to overcome the evils complained of the company might do one or all of several things. It might provide accommodation for the comfort of travellers at its stations. It might limit the number of passengers to the capacity of its engines and cars. It might run its trains in two sections on such occasions as the load proves too heavy for its seemingly decrepit locomotives.

Of one thing we are sure: that if the great chief of the C. P. R. had personal experience of the conditions which prevail at many points on the island line he would soon find a remedy for the grievances of his patrons.

Besides, there is a Railway Commission in Canada whose business it is to attend to just such matters—and it does look into them when properly laid before it.

THE FALL FAIR.

The directors of the B. C. Agricultural Association are to be congratulated upon the success of the fall fair and the expedition with which they have wound up the affairs and laid the financial statement before the public. That the fair was a success financially is exceedingly gratifying. There were a great many people who fancied that an exhibition could not be successful without professional horse racing and bookmaking. The results just published give the lie to this and settle for all time a question which has been a live one for many years. Secretary Sangster and the men who have been working with him are to be congratulated on their work. Results are what people look for in these days. The management of the fair this year have made good.

While the problem of finance has been settled by the publication of the statement, this matter is not by any means the principal feature upon which the success of the fair hinged. The management this year made good by putting up the best exhibit that has ever been presented to the people of Victoria and neighborhood. It was a splendid advertisement of the capabilities of the district, and the presence of so many outside exhibits was a good tonic for the local people. Few persons have in the past believed that fruit of such quality as was shown here could be grown in local orchards. Few people realized that the stock raised in this neighborhood was of such high class; and very few realized that in Victoria were some artists who may well rank among the best in the country.

There has been a good deal of doubt in the minds of some citizens as to whether in the future it would be worth while to continue the annual exhibition. No one, now that the matter of finance has been settled, will suggest dropping the fair. It has come to stay, and doubtless will grow in favor with the public as well as in general usefulness. The people, by attending in large numbers, and by putting up such creditable exhibits, have shown that they want it.

The next problem for the directors of the Association to consider will be that of erecting another building to relieve the congestion in the main building. This year the flowers were crowded in such a way that they could not be seen to advantage, and the fruit and vegetables might well cover more space. It will soon be necessary to have the present building wholly devoted to fruit and flowers, or else have another structure for one of these.

Victoria is growing fast, the surrounding districts are developing rapidly, and the exhibition must grow to keep pace with this development.

BRITISH COLUMBIA'S CHEAP POWER.

One of the most valuable assets British Columbia has is her power resources. There are in this province a number of splendid streams, which come from the hills above and which when harnessed, as they certainly will be, will provide power for hundreds of factories, the power so provided being cheaper than from any other known source. The majority of the gigantic waterfalls which will in the not far distant future grind the trees of the forests into paper and do a hundred other classes of work for which steam is at present used, are in the rain belt farther north; but even here on Vancouver Island there are dozens of fine streams and big falls such as are to be seen at Campbell River and other places. These sources of power will be of immense value before long. Unfortunately, all those which are within reach of civilization have been appropriated by private concerns. There are still some left, however, and these it is the duty of the provincial government to conserve for the use of the public.

Cheap power is one of the great necessaries in building up a manufacturing community. It will be one of the great features which will attract capitalists, and by its utilization we can expect to transform our sparsely settled country into a hive of industry to which people will be attracted from all parts of the earth. We have no cheap labor to offer investors, nor do we want it. If, however, we have cheap power it will place this province on an equal footing with other countries where labor is under paid, and will insure a general prosperity such as the advent of cheap labor would not bring.

Altogether too much attention is paid by the press of the country to the annual disturbance in the Bourassa mind. No one takes Mr. Bourassa seriously to-day, but he has filled his purpose in providing copy for the silly season.

* * *

On the prairies the mosquito has been driven out by the frost. It is a great thing to live in a place where there are no mosquitoes to drive out and no severe frosts to drive them. On the prairies the people would call such a place Eden. We call it Victoria.

* * *

An indication of the growth of a town or of the development of the country to which it is contiguous is usually seen in the size and quality of the newspaper which is published there. The Rossland Miner has just doubled its size, coming out now as a bright eight-page sheet. There must be something doing in Rossland district.

* * *

There is still another delay in the Island Railway scheme which was settled seven months ago, and the agreement for which was then signed. The city members, it is understood, consider that as they have broken their pledges already, a week more or less does not make any difference. They still treat the matter of resigning as a a joke. The pledge too was a joke.

* * *

The McBride government is industriously circulating rumors to the effect that the reason why no announcement has been made on the railway question is because the Premier is "fighting like blazes" with Mr. Mackenzie for the redemption of his pledges with the people of the island. Why should there be any necessity for a fight? Was not the contract "signed, sealed and delivered" immediately it had been ratified by the legislature? Will there never be an end to attempts to buncoe and cheat the people?

* * *

When a man allows his note to be dishonored and go to protest his credit and standing in the business world receive a considerable shock. The three months' joint note given the people by Messrs. Davey, Thomson and Behnsen has been dishonored and has long ago gone to protest. Their political standing has received a great set back. The personal note of the Premier has also met with the same fate as that of his associates. It would hardly be sufficient in dealing with the bank to say: "Oh, it will be all right. We shall make good. Just wait awhile. You surely did not seriously expect that we were going to meet the note when it came due?" If they met the bank manager with a horse laugh such as the people are met with, we wonder what would happen. But then the people are made to be buncoed.

* * *

There is often a good deal of misconception in the minds of the reading public in regard to what a newspaper ought or ought not to print. A great many letters come to hand every day from readers of this paper which for one of a hundred reasons may be considered not just what the majority of readers would like. These letters unavoidably find themselves consigned to the waste paper basket, even though the editor would often very much like if he consulted his personal feeling in the matter, to print them. The result of this refusal to publish certain views of correspondents usually makes the writers aggrieved, and there is seldom a time when at least one group of persons has not this aggrieved feeling towards the paper, and perhaps for a time decides not to continue to subscribe. This is the case with every newspaper in the world, and is taken as a matter of course. The Times would like to please all its readers, but never hopes to. It often feels it its duty to ruffle the feelings of a large number of readers. It generally finds that the person who is hostile to-day is a friend to-morrow. The majority of people are fair minded, and realize that the scope of a newspaper is to give the news of the day, and also to discuss the problems of the day in as intelligent a manner as possible in order that its readers may be led to think about them, although not always to agree with the views expressed.

PRESS OPINIONS

To Bonus Families.

One of the proposed devices of the French government for meeting increased expenditure is taxing on a higher scale the estates of persons who leave fewer than three children or descendants. The scheme has been repeatedly endorsed by the Chamber of Deputies, although the Senate hitherto has rejected it. It is now reported that the Senate will give its approval to the proposed taxation.—Manitoba Free Press.

Joe Martin.

It was Iago who remarked, "I am nothing if not critical," and we all know from the play the purpose which Shakespeare's character employed his faculty to serve. Iago's whole aim and end was destruction. One can not help thinking that in politics Mr. Joseph Martin is very like Iago. He certainly has the critical faculty well developed and whether at Westminster, at Ottawa or at Vancouver, he employs it in the attempt to pull down, or where he can not do that, to depreciate and disturb. He is a Liberal but he is as strongly antagonist to Premier Asquith as any of the Unionists are; he opposes Sir Wilfrid Laurier with a violence in strong contrast to the moderation displayed by Mr. R. L. Borden, and he pursues the Liberals of British Columbia with a hostility and vindictiveness that surprise the warmest friends of the McBride administration.—Vancouver Province.

The Technical Education.

The Royal Commission on Technical Education learned a good deal in Hamilton about the value of technical training, and the improved efficiency which it gives to those who have enjoyed its advantage. In his remarks the chairman very clearly expressed his appreciation of what Hamilton has done in a practical way as a beginning to provide the training of so much value to our artisans.—Hamilton Times.

For the Public Safety.

We are glad to see that the grand jury at the fall assizes at Victoria has made a presentment recommending that restrictions be placed upon the use of firearms. They recommended that "a permit be required to be taken out by all persons wishing to carry firearms, the age limit to be fixed at sixteen years, and the applicant to pass an examination to prove his ability to handle firearms."

More than once we have strongly advocated such restrictions as these and are therefore pleased to see that an authoritative body has expressed itself so plainly towards a similar end. It is to be hoped that other grand juries will follow the excellent lead set by the panel at Victoria, and thus present to the executive a strong reason for action.—New Westminster News.

CHAMPIONSHIP BASEBALL SERIES

(Continued from page 1.)

ed the younger organization, and as it is hard to see how the Cubs can be stronger than in their friskier years, it is argued that it is the former's time to come to the top.

With admittedly a stronger pitching staff and a better fielding and batting average than the Cubs for the season, Mack believes that the handicap of Chicago's superior team play and the strength that comes of confidence born of former victories, has been overcome.

Mack counts on breaking up Chicago's team play by a slashing attack and as the Cub twirlers have not been getting on any too well of late, there really seems to be a bit of choice craftiness in his methods. But if Overall, Brown, Reulbach, Pfeister and Cole are at their best, and there is Manager Chance's word for it, that they are, this "slashing attack" is likely not to "slash" so very deep.

Pitchers Coombs and Bender are Mack's chief reliance, with Plank and Morgan held in but little less esteem. These men have done wonderful work this year and are counted on to spike the Cub's groins. The defensive strength of both teams is such that it is believed the scoring will be lighter than in any world's series with the possible exception of 1905, when the Athletics were shut out four times by New York and New York once by the Athletics, the total runs being 18.

The betting is unusually heavy, most of the wagers being at even money, with the Athletics' supporters occasionally offering 10 to 9.

Both Teams Confident.

Philadelphia, Oct. 17.—(Later)—The gates of Shibe park were thrown open at 11 o'clock this morning and before that time 10,000 fans stood in line to see the opening game of the world's championship series between the Chicago Nationals and the Philadelphia Americans. At noon the bleachers had filled and swarms of men, women and children were filing past the turnstiles. Speculators sold grandstand seats for as high as $50 apiece.

Hundreds of persons slept on the sidewalks near the ball ground and others in doorways, so as to take leading places in the line when the gates should be thrown open. The park holds 24,000 persons at capacity and it became apparent that the limit would be stretched long before the game began.

Manager Mack was confident of his team's final success.

"Unless the Cubs are better than ever, we will win," he said. "The Athletics are 25 per cent. stronger than were the Detroit Tigers of 1909. The Athletics is the best team in the history of the American League. I wish we had old Ring in the line-up. His loss will be as hard to us as the loss of Evers is to the Cubs. Neither team will be disgraced no matter what may be the outcome of the game."

Captain Chance, of the Chicago's, on the way to the field said:

"We are opposing a swell line of pitchers. The Cubs play best when so confronted. They've got nerve and I'll be surprised if we do not win the series. I will pitch Overall this afternoon if he warms up all right."

The line-up, announced shortly before the game, was:

Philadelphia — Strunk, c. f.; Lord, l. f.; Collins, 2b.; Baker, 3b.; Davis, 1b.; Murphy, r. f.; Barry, ss.; Thomas, c.; Bender, p.

Chicago — Sheckard, l. f.; Schulte, r. f.; Holman, c. f.; Chance, 1b.; Zimmerman, 2b.; Steinfeldt, 3b.; Tinker, ss.; Kling, c.; Overall, p.

The total receipts for the game were $37,424. Fifty players will share $20,209.23, and the National Commission will receive $3,742.45. The official attendance was 26,891.

Victory For Athletics.

Reversing the judgment of scores of baseball critics all over the country, the Philadelphia Americans won from the Chicago Nationals by a clever all-round exhibition of the national game, by a score of 4 to 1.

Overall, on whom the Cubs relied to annex the opening game, was bumped hard in the first three innings, and was replaced by McIntyre.

The Athletics outbatted the Cubs, and although Kling nipped several runners, the Cub catcher was by no means invincible, and the Athletics were faster on the paths than their opponents.

Bender was in superb form, and had the Cubs grounding or skying. He let down slightly in the ninth, when two of Chicago's three hits were made, after errors had spoiled a perfect record for the Athletics. McIntyre held the Americans to one hit after entering the game.

First Innings.

Chicago—Sheckard fanned; Schulte singled and was caught stealing, Thomas to Collins; Hofman out, Collins to Davis. No runs.

Philadelphia—Strunk bunted out, Steinfeldt to Chance; Lord flied to Hofman; Collins singled and out, Kling to Tinker. No runs.

Second Innings.

Chicago—Chance out, Barry to Davis; Zimmerman fouled to Baker; Steinfeldt out, Baker to Davis. No runs.

Philadelphia—Baker doubled to left, Davis sacrificed, Zimmerman to Chance; Baker reached third; Murphy singled, scoring Baker; Murphy stole second; Barry out, Steinfeldt to Chance; Thomas walked; Zimmerman fumbled Bender's grounder, Murphy scoring, and Bender reached first. Strunk flied to Sheckard. Two runs.

The official scorer decided that Bender's grounder in the second inning was a hit, not an error for Zimmerman.

Third Innings.

Chicago—Tinker out, Collins to Davis; Kling flied to Bender, Overall, Barry to Davis. No runs.

Philadelphia—Lord doubled; Collins sacrificed, Zimmerman to Chance; Baker singled, scoring Lord; Davis fanned; Baker out trying to steal, Kling to Tinker. One run.

Fourth Innings.

Chicago—Sheckard out, Barry to Davis; Schulte walked; Hofman fanned; Schulte out stealing second, Thomas to Collins. No runs.

Philadelphia — McIntyre succeeded Overall; Murphy out, Tinker to Chance; Barry out, Steinfeldt to Chance; Thomas fanned. No runs.

Fifth Innings.

Chicago—Chance out, Collins to Davis; Zimmerman and Steinfeldt whiffed. No runs.

Philadelphia—Bender received an ovation when he came to the plate. He fanned; Strunk walked and was caught stealing, Kling to Tinker. Lord fanned.

Sixth Innings.

Chicago—Tinker flied to Strunk; Kling flied to Murphy; McIyre fanned. No runs.

Philadelphia—Collins out Zimmerman to Chance. Baker out Tinker to Chance. Davis, Zimmerman to Chance. No runs.

Seventh Innings.

Chicago—Sheckard out Barry to Davis. Schulte fanned. Hofman out Baker to Davis. No runs.

Philadelphia—Murphy flied to Sheckard, Barry out to Chance. Thomas walked. Bender out to Chance. No runs.

Eighth Innings.

Chicago—Chance out Collins to Davis. Zimmerman fanned. Steinfeldt flied to Baker. No runs.

Philadelphia—Strunk out Zimmerman to Chance. Lord flied to Hofman. Collins walked out and took third on McIntyre's wild throw in trying to catch him at first. Baker doubled to right, Collins scoring. Davis out McIntyre to Chance. One run.

Ninth Innings.

Chicago—Thomas muffed Tinker's foul. Tinker singled to centre and took second on Strunk's fumble. Kling singled to centre, Tinker scoring. Beaumont batted for McIntyre, Kane ran for Kling. Beaumont out Collins to Davis, Kane taking second. Sheckardt fanned, Schulte walked. Hofman forced Kane, Barry to Baker. One run.

This is a nice, soft finish, will not cut. Comes in peacock blue, brown, electric, navy, tan, taupe, pale blue, rose, cardinal, pink, purple, Persian blue, cream, white and black. Price .....75¢

David Spencer, Limited

IN PORTUGAL.

Sic semper tyrannis—
That once was the cry
When Liberty shouted
And Freedom flew high.

Sic semper tyrannis—
These words held the thought
From which the uplifting
Of man has been wrought.

Sic semper tyrannis—
And sceptre and crown,
That stood for oppression
By rulers, came down.

Sic semper tyrannis—
Was Freedom's appeal
When the necks of the people
Were under the heel.

Sic semper tyrannis—
Of course, long ago,
When rulers were tyrants
Refusing to know
The rights of the people
And thinking a throne,
By virtue of power,
Made all rights their own;
But times have been changing,
The sceptre and throne
Remains as the symbol
But the tyrant has gone.
The people are rulers,
Yet they must be led
By one of their number
As recognized head;
His title means nothing,
No form is a test,
Good government means only
Whatever is best.

Best for a people;
Best for the world;
And for that let the flag
Of mankind be unfurled.

W. J. LAMPTON

ADVICE IN A NUTSHELL.

"I want to ask your advice about my wife," said a young man, addressing Mr. Hopkins at Lambeth police court. "I married her last March. She gave her age as eighteen, but I have found out since she is only sixteen. I want to ask your advice as to what I can do."

Mr. Hopkins: "Nothing."

Hot Water Bottles

Most useful articles that should certainly be in every home because of their great value in time of sickness. Nothing better for relieving pain than to apply heat to the parts, and the most convenient way is by means of a Hot Water Bottle. We have a full stock of the best Red Rubber and other goods: Water Bottles, Fountain Syringes, etc. Mail orders promptly filled.

"Now Blessings Light on Him That First Invented Sleep!"

Cervantes, Don Quixote.

Refreshing sleep aids digestion. Think of this, oh, ye dyspeptics, but throw drugs to the dogs and try what a marvellous thing a small glass of Carnegie's Porter will do. Drink it just before retiring and you'll sleep like a top and soon have a digestion like an ostrich. Leading physicians declare Carnegie's Porter to be the finest restorative in cases of convalescence; they recommend it to their patients on account of its great goodness and purity. The recent examination and analysis of the Food Inspection Laboratory affirms

"Carnegie's Porter is a Pure Malt Beverage Free From Any Kind of Preservative."

It is brewed and bottled at the famous Carnegie Brewery, Gothenburg, Sweden. You can procure a bottle at any first-class hotel, bar or restaurant. If your dealer does not handle this best of all Porter, ask him to procure a case for you from the

—The Ladies' Guild and the Young Ladies' Club of the Metropolitan Methodist church, will hold a business meeting at the home of Mrs. S. Goodacre, 812 Pandora street, this evening at eight o'clock. All members are requested to be present.

—o—

—T. A. Cairns, assistant postmaster, was presented with a handsome silver service as a token of the esteem of the staff of the local post office department on the occasion of his approaching marriage. The presentation was made by Postmaster Noah Shakespeare in the presence of the assembled clerks.

—o—

—Friday next being Trafalgar Day and the anniversary of the death of Nelson, the Fifth Regiment band is arranging for a free patriotic promenade concert in the drill hall, at which some well known vocalists have consented to assist. It is hoped that all members and friends of the regiment will show their appreciation of this enterprise of the band, as on it will depend the policy of this organization for the ensuing winter months.

—o—

—At this evening's meeting of the city council Mayor Morley will ask for reconsideration of the liquor licence bylaw which was recently passed and which became operative on Saturday. Owing to a clerical error the hour for the closing of saloons on week days is set at 12 midnight. This ought to have been 11 p. m., and it is likely that the mistake will be so rectified this evening.

—o—

—The members of the committee having charge of the arrangements for the St. George's masquerade ball have decided to hold it on Thursday, November 10. Miss Thain's orchestra has been engaged, and the prizes offered will be of a much more valuable character than have been offered before. The members of the Daughters of St. George will have charge of the refreshment arrangements, and everything will be done for the comfort of those present. The decorations will be in the hands of an energetic committee. All the members of the general committees will meet this evening.

—o—

—Harry Smith, formerly of Duncan, but now located in Stewart, where he is president of the Citizens' Association, is in the city. Speaking of conditions generally at Stewart, he says the well known camp is prospering. Some few wildcat properties which were floated there have ceased to exist, and the companies who are engaged in bona fide mining propositions are busily at work. The concentrator of the Portland Canal Mining Company has proved to be a great success, and the management of that mine are enthusiastic. There will be great development in the spring. A number of new properties now being uncovered will be then added to the growing list of paying mines in the district.

A CLOCK ROOM

Is our newest innovation. Our clock trade is very large and we needed some place to display goods to better advantage. Easy now for you to select the exact timepiece to suit your room and furnish from our splendid new stock ranging:

Mission Styles at $2.50 to Grandfather's Chime Clocks at $250.

Phone 1606.

—To-morrow evening at the meeting of the Social Club of the First Congregational church a series of impromptu debates will be taken up. The meeting commences at 8 o'clock sharp. All men interested are cordially invited.

—o—

—The W. C. T. U. home committee gratefully acknowledge the following donations for September: Mrs. H. S. McLean, box of apples; Miss Bailey, plums and pears; Mrs. McLorie, sack of flour; A Friend, bacon; Mrs. W. H. Wood, breakfast food; Williscroft, tea; Frank Grant, milk, vegetables and clothing.

—o—

—The meeting of the Epworth League of the Metropolitan Methodist church, to be held this evening, will be under the direction of the missionary department. Miss Thompson will give an address on "Misisonary Work in China." It is hoped that all members and friends of the league will attend, as the lecture promises to be most interesting.

—o—

—A verdict that death resulted from a gun shot wound caused in some manner unknown was the verdict returned Saturday afternoon by the coroner's jury which investigated the circumstances surrounding the death of Robert Carlisle, the man whose decomposed body was found recently on the hillside near 17-Mile Post. The jury composed of W. Gibson, foreman; F. Craddock, S. F. Galliger, J. H. Lomax, W. A. Brewster and J. C. Sproule.

—o—

—The various committees in charge of the arrangements for the forthcoming ball to be given by members of the police force, to be the second annual function given by the department, are losing no time in preparing for the event. The success of last year's ball was so pronounced that it will require hard work to make this year's ball a greater success, but no effort will be spared to make it the most successful social function of the season. The date has not yet been definitely fixed, but if the arrangements can be satisfactorily made the ball will be held on the evening of November 18, at the Women's Building at the fair grounds.

—o—

—Charles Irwin was charged in the police court this morning with pointing a revolver at a Chinese. He pleaded not guilty and was remanded until to-morrow, bail being allowed in two sureties of $2,000 each. Accused will have another charge against him to-morrow of carrying a concealed weapon. W. E. Sandy was presented on a charge of carrying a revolver and was fined $15. He pleaded ignorance of the law and said his revolver, of the old-fashioned bulldog make, had been in his kit bag since he came to this country, three years ago. In packing up for a trip he had forgotten to put the revolver in his bag, and at the last moment placed it in his pocket, where the police found it when arresting the accused on a drunk charge. On the latter he was fined $4.

NEW MACHINERY FOR MUIR CREEK FIELDS

W. H. Murray, in Charge of Oil Operations, Gives Encouraging Reports on Progress

W. H. Murray, of the Murray Drilling Co., which is conducting oil boring operations at Muir creek, in the Sooke district, has returned to this city after spending several weeks in Los Angeles, Cal., purchasing new machinery. He is in charge of the work at the new oil well and speaks most enthusiastically of the prospects of the undertaking.

For some time the company has been boring, but the machinery of late was found to be inadequate for the work, and as a result Mr. Murray was sent south to secure new drillers. These will be installed on the grounds of the company very shortly and Mr. Murray hopes to present to the shareholders in a few months a very favorable and encouraging report.

He states that the prospects for the securing of first class oil on these grounds are excellent. The red sand, which is indicative of oil being in the vicinity, has been struck, and with the new machinery, which will enable the company to bore to a greater depth and at the same time bore more quickly, Mr. Murray expected that they will be able to shoot a well before long.

The syndicate, which is promoting the enterprise consists principally of local business men.

The McLaughlin Buick Car Still Leads

MR. ERNEST G. MAYNARD, 916 Park Boulevard, Victoria, writes the following:
Western Motor Supply Co., Victoria, B. C.:

Gentlemen:—I have driven my McLaughlin Buick Car continually since May 18th, 1909, covering OVER 15,000 MILES, and during this period my repairs and replacement account has only been $7.00, for one spark plug and one spring. My car is running as well now as when I purchased it. I have travelled over some of the roughest roads on this island, also been over the Summit several times, and still running on the same tires I got with the car. I feel safe in saying it is the BEST CAR ON THE MARKET FOR THE MONEY.

This is only one of the many unsolicited testimonials that have been received. Better come in and let us demonstrate one for you.

	W.	L.	D.	Pts.
North Ward	3	0	1	7
Beacon Hill	2	0	2	6
Baraca	2	0	2	4
Oak Bay	2	0	1	5
Esquimalt	0	1	3	3
Victoria West	0	2	2	2
Garrison	0	3	1	1
Fifth Regiment	0	4	0	0

As a result of the soccer matches on Saturday James Bay comes back one point in its lead and is now on an equality with Victoria West. The draw between James Bay and Esquimalt, however, will be protested by Esquimalt, which will claim a win on account of a disputed goal during the first half of the play. The matter will be heard at the next meeting of the executive on Thursday night. If Esquimalt wins its protest James Bay will go down to second place and Esquimalt will go up to fifth.

During the first half of the James Bay-Esquimalt match which was played at Oak Bay, the Esquimalt side was awarded a free kick in front of goal but outside the penalty area. The ball was kicked into goal without being touched, but as the referee claims the goal-keeper was interfered with he refused to allow the score.

Despite the fact that no goals were given in the James Bay-Esquimalt match, the ball entered the net four times, three in favor of the Esquimalt team. The four shots were recorded in the first half. The one to the Bays was from a corner kick, and two from Esquimalt were in off side rules disallowed. The fourth is the disputed goal on which the match will rest before the executive.

The Bays and Esquimalt played a hard game, the former having but ten men on the field all the game, Houston failing to appear when the Bays went on the field. Esquimalt playing eleven men in the first half, lost Jasper for the second, his knee having given out towards the end of the first period of play.

Esquimalt put out a very strong team for the naval suburb, Rouffe and Slater improving the forward line materially. Dufty was very efficient at half-back and Full-backs Sherritt and Isbister worked hard all the game. For the Bays the redoubtable Lorimer strove strenuously to avert a defeat, and to convert the game into two points and a lead in the league, even going so far as to play much of the game in the forward ranks. Todd, the forward of the Bays, is playing up to his best form this season, Gowan played a better game than usual, and the half-back line was all to the good. During the second half, with the teams even in men, the Bays were the greater attackers, but could not score, despite having three corner kick advantages. Esquimalt made a couple of hard attacks and once should have scored had not the forwards stayed with the ball too long instead of getting it towards the goal more quickly.

The teams took the field as follows: James Bay—Goal, Lefevre; full-backs, Lorimer, Lawson; half-backs, Shanks, Ferris, Wormold; forwards, Todd, Hamilton, Gowan, Cornell. Esquimalt—Goal, Foster; full-backs, Sheriff, Isbister; half-backs, Dufty, Malcolm, Thomas; forwards, Fieldhouse, Parker, Slater, Jasper, Rouffe.

There was a hard and fast game at the Garrison ground where the soldiers defeated the Empress eleven by three goals to one. The hotel men, however, are turning out an improved team every week and had the Garrison not been quite so speedy and good in the forward ranks the Empress may have made a better showing.

The Empress is fifth on the list now and heads the second half of the first division. With its team strengthened by further practice it may be able to get nearer the top before the end of the first round.

Cedar Hill put up a remarkably good fight against the strong North Ward team, and only allowed the winners to get four goals against them. This was the fourth defeat for the Mt. Tolmie boys out of four matches, but there is yet time to win a match. It was the strong defence that Cedar Hill put up that prevented a repetition of the big scores made against Cedar Hill being repeated. The constant attacks week after week is, while it gets points for the other teams, developing the defence of Cedar Hill.

In the second division matches there was no alteration in the standing of the teams, but the day's play could not pass without a draw being recorded. Of the fifteen games played in this division there have been six drawn, every club having figured in a draw but Fifth Regiment. The leaders, North Ward, were pulled down a point by drawing with Esquimalt Saturday, but North Ward still holds a lead.

Victoria West vs. Foresters.

Unable to respond to the fast pace set by the Victoria West soccer team in the second half, the A. O. F. eleven went down to defeat at the hands of the league leaders by the one-sided score of four goals to nil. Although the Wests negotiated but once in the first half they worked their kick and rush game so effectively in the second that they beat the Foresters' custodian three times.

The opening stages of the match were evenly contested and the Foresters were able to hold their own with the speedy Wests. At times they pressed hard and sent several good shots to Beany. The Wests' forwards, however, assisted by the backs made several rushes and twice Okell shot wide of the posts. The backs of both teams played excellently and repelled many attacks. Bob Whyte made his initial appearance on the football field as a half-back, but did not make a success at it. Several times he drove the ball from the centre line clean over the posts. His kicks were too strong and in the second half he was placed in his old position at fullback. The Wests' first score was the result of a pretty piece of play by the left wing, Sherritt receiving a pass from Okell and after a little dribbling was able to beat Selfe.

The Wests set a terrific pace in the second half and the Foresters were totally unable to make a showing against them. The headwork was good and the judgment in kicking excellent. Ten minutes after the interval Youson, who passed the backs with an open goal, negotiated for the Wests. Continually on the aggressive, the forwards forced the Foresters to close quarters and secured several corners. From one of these kicked by Prevost, Okell headed to Youson, who in turn headed to Thackeray, who headed it into the net. The last goal of the game was scored by Sherritt. Thackeray shot and the ball hit the bar. On the rebound Sherritt made a neat kick for the net and was successful in his efforts.

The line-ups were as follows:

Victoria West.	Position.	A. O. F.
Beaney	Goal	Selfe
Prevost	Fullbacks	Newlings
Whyte		Wilson
S. Thackeray	Halfbacks	Lazenby
McDiarmid		Broadbent
A. Thackeray		Jones
Okell	Forwards	Campbell
Sherritt		Jouny
Youson		Harris
Peden		McDonald
Wright		Kennedy

Referee—W. Lorimer.

GOOD SHOOTING AT CLOVER POINT RANGE

Possible at 500 Yards by Corporal Birch Who Wins Two Spoons

High scores were the order at Clover Point on Saturday, Corporal Birch getting a possible at 500 yards, and coming within five points of the total possible over the three ranges. Bandmaster Anderson scored 98, and tied for the first-class spoon. As Corp. Birch receives points he is declared the winner, and wins a spoon presented by Lieut.-Col. Currie for a possible.

For the aggregate medals, these two, with S. Sergt. Richardson, now have a good lead. In the second class Gr. Stevens headed the list with 88, his highest being 32 at 500 yards. The individual scores were:

First Class.

	200	500	600	Tl.
Corp. Birch	32	35	33	100
Gr. Anderson	33	32	33	98
S. Sergt. Richardson	31	32	33	97
M. S. Hatcher	29	32	31	92
Gr. de Carteret	30	32	28	90
Sergt. Smith	30	28	28	86
Sergt. Parker	31	28	27	86
Sergt. Richardson	28	29	27	85
C. S. M. Caven	30	28	27	85

Second Class.

Gr. Stevens	29	32	27	88
Gr. Heinekey	26	27	32	85
Gr. Hull	29	24	32	85
Gr. Scott	31	30	22	83
Gr. Culross	28	28	25	81
Gr. Harness	30	26	25	81

RUGBY PRACTICE.

Good Workout Held on Saturday at Oak Bay Between Victoria and James Bay Teams.

That Victoria will be represented when the championship Rugby games are being played, was shown on Saturday afternoon by the turnout at Oak Bay in a practice match between the Victoria and James Bay Rugby fifteens. The Bays were outweighted and outgeneraled and the final score was 19 to 5.

The Victoria team which defended the championship last season is available again this year, with the exception of Lowry and Meredith, neither of whom were out on Saturday. The Victoria full-back will not be in the representative team because he will not be in Victoria. The five Gillespies were out and Meredith's place was filled by Henderson, a new and capable player. Johnston, the James Bay full-back, on whom will fall the position in the representative team, was playing for his club and played efficiently.

On many occasions the Bays were the better in the scrum than the Victoria fifteen, while the three-quarters of Victoria had the best of the deal.

The Bays were also lacking in weight, of which Victoria has plenty. On the whole, there is plenty of material for the selection of a winning team, and with practice to get the team into condition Victoria will prove no mean defender of the honors won last year, when opposed this season to the challengers.

BASEBALL RESULTS

Hibernians 1, Queen's Park 0.
Celtic 0, Hearts 0.

SPORT NOTES.

The North Ward soccer team went to Ladysmith yesterday and defeated the Ladysmith eleven two goals to one. The game was all to North Ward, the score at half time being two to nil in their favor. In the second half during a scrimmage in front of goal a North Ward player kicked a goal for Ladysmith accidentally, otherwise the Ladysmith people would have had a no score game against them.

* * *

In the school league on Saturday, the Victoria West and North Ward teams played a tie game at the North Ward park. The score was one goal all.

* * *

The Referees' Association met Saturday night and elected officers. George Allison is president, W. Lorimer vice-president, and James R. Allen, P. O. box 493, secretary. J. G. Brown, president of the Football League, presided.

* * *

To celebrate the position the club holds in the Football League, Victoria West Athletic Association held a bun feed for its hungries on Saturday night. And there was a musical programme.

* * *

A. Sargison, of the J. B. A. A. Rugby team playing against Victoria on Saturday, lacerated the ligaments of his right shoulder. The accident will keep him out of the game for some weeks.

* * *

New York, Oct. 17.—Harvard has been installed the favorite in the betting on the eastern football championship in a few wagers posted here today. Yale's line is admittedly weak. Harvard's next game is with West Point on October 29. West Point defeated Yale on Saturday.

Chicago, Minnesota, Indiana and Illinois are picked as the most likely candidates for the western championship.

* * *

A Rugby football team has been formed at Nelson. Correspondence is passing between the secretary and the Victoria and other coast clubs for matches this season.

* * *

Kansas City, Mo., Oct. 17.—A purse of $4,000, together with 35 per cent of the gate receipts was offered to-day for a fight here between Al. Kaufman and Sam Langford. Harry Vollak, a local promoter made the offer and to show his good faith put up a bond. The two fighters were at once informed of the offer.

* * *

San Francisco, Oct. 17.—Unless "One Round" Hogan comes to terms soon, there is a possibility that Johnny Frayne, and not Hogan, will be Battling Nelson's opponent in the fighting Dane's effort to show the public that he has come back on October 28th.

Hogan, who has never fought more than a four-round fight, is holding out for ten rounds, while Nelson and Griffin want the fight to go 15 or 20 rounds.

Griffin has wired Frayne at New Orleans and Frayne has signified his willingness to step into the breach.

Nelson went into training for the mill yesterday.

* * *

Philadelphia, Oct. 17.—Fielder Jones, once the leader of the Chicago White Sox, will manage the St. Louis Americans next season, it was authoritatively announced today. Jones, who has been in Portland, Ore., for the last year, has been in St. Louis and other American League cities for the past week and has made arrangements to take the St. Louis team. Jones not only will manage the team, but will be a part owner of the club.

In the year 1700 there was only one newspaper in the United States.

STANLEY KETCHEL SUCCUMBS TO WOUND

Champion Middleweight Pugilist Dies After Being Removed to Hospital

Springfield, Mo., Oct. 17.—Stanley Ketchel, champion middleweight pugilist, who was shot early to-day by W. A. Hurtz during a quarrel, died in the hospital here Saturday night. The shooting took place at the ranch of R. P. Dickerson, near Conway, and Ketchel was brought here on a special train.

The trouble between Ketchel and Hurtz is said to have started yesterday when the pugilist upbraided the ranch hand for beating a horse.

Mrs. Smith in a statement Saturday night assigned another cause for the shooting.

"While I was working in the house Friday," she said, "Ketchel insulted me. I became angry. He was greatly wrought up over the incident and pleaded with me not to say anything to Hurtz about our conversation. He said he would give me the best team of horses on the farm if I would keep quiet. I made him no promise. When Hurtz came home I told him what Ketchel had said to me. He was very angry. I think that is what caused him to kill Ketchell."

The career of Stanley Ketchel was one of the most sensational in the history of the prize ring. Making his debut in Butte, Mont., in 1903, when but 16 years old, he fought with a remarkable degree of success for four years without attracting much attention.

After knocking out George Brown in Marysville on May 23, 1907, he was matched with Joe Thomas, then looked upon as the best middleweight in the world. Comparatively unknown in the great boxing centres, he gave Thomas the battle of his life, almost knocking him out. The affair went 20 rounds, and was called a draw. Ketchel then went to San Francisco where Jim Coffroth rematched him with Thomas for a 45-round fight on September 2, 1907. That fight will go down in history as one of the greatest ever fought between middleweights. For 32 rounds they battled savagely. In the last round Ketchel punished Thomas so terribly that Harry Foley, Thomas' manager and chief second, jumped into the ring and caught Joe in his arms just as he was toppling over from the effects of a knockout punch.

Ketchel remained idle for three months, when he again met Thomas, this battle taking place on December 12, 1907, Ketchel getting the decision at the end of 20 rounds. Two months later he knocked out Mike (Twin Sullivan) in one round at Colma. The other half of the Sullivan Twins was defeated in 20 rounds, in May, 1908, in the same ring. One month later Ketchel had the first of his memorable battles with Billy Papke. "The thunderbolt" was at his best at that time, and he gave "the Assassin" the fight of his life, the battle going the full 10 rounds, and Ketchel getting the decision. Papke was not satisfied with the verdict and held him off. In July, 1908, Ketchel clamored for another fight, but Ketchel whipped Hugo Kelly in three rounds, and on August 18, of the same year, he stopped Joe Thomas in two rounds.

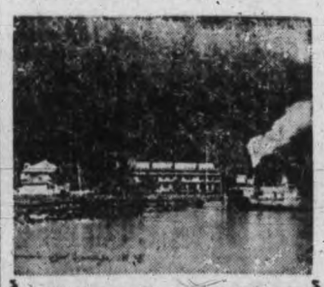

Then came the one great reverse of his career. He and Billy Papke were matched to fight in Los Angeles on Labor Day, 1908. Profiting by his experience with Ketchel in their first fight, when Ketchel had secured on advantage that ultimately gave him the battle by sending in a crashing left to the jaw just as the men toed the centre without the formality of shaking hands, Papke hit Ketchel between the eyes before the latter had had time to put up his hands. The blow blinded Ketchel, and for 12 rounds he was subjected to the most unmerciful beating a fighter ever took. In the 12th round he went down the full count.

After allowing Papke to carry the title of middleweight champion of the world for just 70 days, Ketchel regained it on Thanksgiving afternoon at Colma, by stopping Papke in 11 rounds. His next important battle was with Philadelphia Jack O'Brien in New York on March 26, 1909, the former winning in 10 rounds. The pair met again in Philadelphia and Ketchel won in the third round. In July of that year Ketchel and Papke met for the fourth time, the former getting the decision.

On October 16 last Ketchel and Jack Johnson had their little affair. They played for 11½ rounds for the benefit of the pictures, and in the 12th Johnson knocked Ketchel out.

Ketchel's last fight was with Frank Klaus, the Pittsburg middleweight. The champion had utterly neglected his training and the result was that he put up a most unsatisfactory fight.

Sam Langford, who had been hunting Ketchel for months, succeeded in inveighing the champion into a match, but the fight never took place, Governor Hughes of New York having ordered it stopped.

CARIBOO PIONEER DEAD.

James Stone, Who Passed Away at Barkerville Had Interesting Career.

The Ashcroft Journal announces the death of James Stone, which occurred at Barkerville a few days ago. His health broke down in the summer of 1906, when a serious complication of stomach and heart ailments developed from which he never recovered.

James Stone was born in Kidderminster, England, February 10, 1843. He entered the R. M. L. I. in 1859 serving on many ships of the Royal Navy, and was one of the marines stationed on San Juan island before the ownership of that island was decided by the arbitration of Emperor William I. of Germany. Mr. Stone left the service in 1872, and the same year became telegraph operator and postmaster at Lytton. The following year he was transferred to Quesnel where he filled the same position until 1880, when he was transferred to Barkerville, where he was postmaster, telegraph operator, express and stage agent, meteorological observer, and justice of the peace. He was a shareholder in the Waverly Hydraulic Mining Co., and its secretary for many years.

In him the Old Time Telegraphers and Historical Association loses one of its few members in British Columbia, and Cariboo Lodge A. F. & A. M., mourns the passing of a trusty mainstay. He was a past master of the lodge, and was deputy grand master for many years prior to his death.

His genial disposition and courteous manner made hosts of friends and he will be greatly missed. Mrs. Stone and one daughter, Mrs. George Walker, wife of the Barkerville government agent, are left to mourn the loss of a devoted husband and loving father.

CONGREGATIONAL CHURCH.

Question of Central Control Discussed At National Council.

Boston, Oct. 17.—The much discussed question of a central source of authority for the Congregational church was brought to the fore again by Rev. Alexander Lewis, of Kansas City, in an address on "Solidarity of Congregational Fellowship" before a joint session of the national council of Congregational churches and the third annual convention of the National Congregational Brotherhood. Dr. Lewis argued that such a centralization would add greatly to the efficiency of the denomination. The committee appointed to consider the subject will report to-morrow.

At the afternoon session of the national council, Mr. William H. Lewis, of Seattle, president of the brotherhood, outlined the scope and significance of the brotherhood movement.

Kansas City was selected as the next place for the national council.

RECOMMENDS LENIENCY.

Montesano, Wash., Oct. 17.—John Klingenberg, who has been undergoing trial on a charge of manslaughter in connection with the death of Charles Hadberg, was found guilty Saturday evening. The jury recommended leniency.

Klingenberg, it was charged by the state, at the instigation of William Gohl, shot Hadberg to death December 22, 1909. Gohl was convicted of murder on the same charge a few months ago, after one of the most sensational trials that has ever occurred in the northwest.

Klingenberg was evidently surprised at the jury's verdict and was noticeably affected.

WILL NOT CHANGE NAME.

Cincinnati, Oct. 17.—The house of deputies at the annual convention of the Protestant Episcopal church in session here Saturday defeated the proposal to change the name of the Episcopal church to that of the "Holy Catholic Church," by a single vote. J. Pierpont Morgan, who is a delegate to the convention, was against the change.

U. S. SENATOR DIES SUDDENLY.

J. P. Dolliver Passes Away While Being Examined by Physician.

Fort Dodge, Iowa, Oct. 17.—Senator Jonathan P. Dolliver died at his residence here at 7:30 p. m. Saturday, while Attending Physician Dr. E. H. Van Patten was examining his heart with a stethoscope. The death followed an accute attack of stomach trouble, which affected his heart.

Senator Dolliver, who had been in ill-health for some time, had so far recovered his strength as to be able to walk about his lawn. He had entered his sitting room for daily consultation with his physician and said that he was feeling much improved. Dr. Van Patten cautioned him about becoming anxious to resume his work, and then began the examination of the heart while the senator was seated in a large Morris chair. While making the examination the doctor kept up a conversation with the senator and asked him how he was feeling. "I am really feeling better than at any time since my recent sickness," he said, "but I suppose the wolves set howling about my successor," and the senator laughed.

The doctor continued his work, counting the beats of the senator's heart out loudly. He was frequently interrupted by Senator Dolliver with the declaration that he was unable to know his own heart. When the physician had counted 14 beats he informed the senator. "That's good," replied Mr. Dolliver, "the most I have been able to count was seven."

The physician continued the examination and suddenly noticed that the heart beats had ceased. He shook the stethoscope, believing that it was defective in some way. Again applying his instrument he discovered that the heart had ceased beating entirely.

Upon looking into the senator's face he discovered that death had overtaken him. He had died without a struggle and without pain. No one with the exception of the physician was in the room at the time.

It was learned here that a consultation of physicians was held a week ago, and they had discovered that the senator was in a dangerous condition.

Mrs. Doliver was not aware of the serious condition of the senator.

KETCHEL'S SUCCESSOR.

Papke Looked on as Middleweight Leader.—Langford Too Heavy to Fight in 158 Pound Class.

(Times Leased Wire.)

Chicago, Oct. 17.—To just whom the title of middleweight champion of the world, made ownerless by the death of Stanley Ketchel, will fall, is a matter of much speculation, but of all the contenders in the 158 pound division, Billy Papke appears to have the call, by Chicago sports at least.

Papke fought Ketchel four or five times, and each time gave him a tough battle. Papke is the only man who ever knocked Ketchel out, having performed that trick in 12 rounds at Los Angeles, although he was in turn knocked out by Ketchel in San Francisco two months later.

Sam Langford, whom Ketchel repeatedly dodged, would be the logical successor of the Michigan lion, but Langford is believed to have outgrown the middleweight limit.

Frank Klaus, who fought Ketchel six hard rounds in Pittsburg, is favored by many, but inasmuch as Klaus has never fought a long fight the palm is withheld from him.

He is regarded as a comer.

Hugo Kelly, to whom Ketchel announced a short time ago he intended giving the title, is not given serious consideration by Chicago fight fans.

THE CORONATION.

London, Oct. 17.—There is no doubt that the coronation of King George V. and Queen Mary will take place in the week commencing June 18, probably on Wednesday, 21st, which is the anniversary of Queen Victoria's first jubilee.

No official announcement has yet been made, but it is significant that the opening of the Royal Ascot race meeting, which was to be in that week, has been fixed for June 14, and the Royal show, of which His Majesty is president, and which he has signified his intention of visiting at Norwich, has been postponed from June 26 to the first week in July. June 23 will be the seventeenth anniversary of the birth of the Prince of Wales.

—This evening, under the auspices of the First Presbyterian church club, Dr. Ernest Hall will lecture on "Alcohol and its Effects on the Human System."

The first of the subscription dances for the coming season will be given tomorrow evening in A. O. U. W. hall. It will be under the management of Mrs. Simpson with a number of ladies well known in social circles as chaperons.

* * *

The executive of the Women's Canadian Club, Vancouver, are arranging a reception for the members of the Ladies' Welsh choir, who will visit the city under the auspices of the Anti-Tuberculosis Society on November 1.

* * *

Mrs. (Rev.) Smith, Minnedosa, Man., who has spent several months here with her daughter, Mrs. (Captain) McIntosh, McBride street, left on Saturday's boat for Vancouver, en route for home. She was accompanied to Vancouver by her granddaughter, Miss Ethel McIntosh, who will spend a few weeks there with friends.

* * *

The marriage was solemnized at Christ Church cathedral at 3 o'clock Saturday afternoon of Mr. G. B. Hughes, divisional engineer of the Canadian Northern Pacific, with headquarters in this city, a son of Colonel Sam Hughes, M. P. of Victoria and Haliburton, to Miss Elizabeth Irene Bayliss Newling, only daughter of Mrs. H. P. Newling, of Vancouver street, Victoria. The wedding was private, the church service, performed by the Venerable Archdeacon Scriven, being witnessed only by the nearest relatives of the contracting parties. Mr. and Mrs. Hughes are visiting the cities of Oregon and Washington before establishing their residence here about one week hence.

* * *

Miss Millar, the charming English suffragette who addressed the members of the Women's Canadian Club on Saturday evening in the Alexandra Club rooms, was the house guest while in the city of Mrs. Curtis Sampson. Miss Millar, who has been making a grand tour of the world and has been absent from home for three years, left for Vancouver yesterday, continuing her journey through eastern Canada. Miss Millar made an extended stay in India and Japan, and is a most interesting and brilliant conversationalist, one who has travelled with her eyes and ears open. At the meeting on Saturday evening Mrs. F. B. Pemberton presided and introduced Miss Millar, who won the hearts of her audience almost in the first sentence. She is a most pleasing and gifted speaker, and her address, "Votes for Women," which will appear in to-morrow's Times, will be read with interest by both men and women throughout the city. Among those present were: Mrs. F. B. Pemberton, Mrs. Barnard, Mrs. Hallam, Mrs. C. E. Cooper, Miss Mara, Mrs. Curtis Sampson, Dr. Cleland, Mrs. Gordon Grant, Mrs. J. T. Reid, Mrs. Spofford, Mrs. C. E. Wilson, Miss Lilian Clarke and a number of others. Refreshments were served and an opportuinty given all to meet Miss Millar.

The Evening Chit-Chat

BY RUTH CAMERON

"I imitate the wireless telegraph system by attuning my conversation to the vibrations of the instrument I have to deal with."

So a very clever social leader, who can always set at ease, and interest, and bring out absolutely anyone, from the rawest school girl to the most learned college proefssor, explained her conversational success, when I asked for the key.

"The reason so many people get along splendidly with a few friends but are seldom any good out of their own particular circle," she went on, "is because they don't pitch their conversations so that the other persons' mental wireless instruments are capable of receiving them.

"Each wireless instrument you know can only receive certain vibrations. It's just the same with people's minds. They are attuned to certain vibrations, and if you want to set them going you must pitch your vibrations to theirs.

"So many people have just one brand of conversation for all comers and others have different brands but don't know when to use them. I have especially in mind a girl who is bright and pretty and charming, and by all odds ought to be a tremendous success socially, but she isn't at all. I didn't understand why until I had her at my house for a week-end and then it was perfectly plain. She didn't pitch her conversation right. She delighted an authorman by talking spiritualism and mental telepathy and the fourth dimension and things of that sort with him, so she thought that would go with anyone and bored a nice young business man I wanted her to attract, by keeping it up with him. He didn't get the vibrations at all, you see, and was as bored as if he couldn't hear a word she said. It wasn't that she didn't say good things. Often what she said was brilliant, but most of the time she was sending it to an instrument that didn't get more than a third of her vibrations.

"First test the instrument you have to deal with by a few test messages of various sorts, to get the vibrations it is capable of receiving, and then be careful to send just the vibrations that will be fully received—that's my method."

Don't you think that's a pretty good idea?

All of us have the experience of finding that we get along beautifully without any effort with certain people.

That is because their mental wireless apparatus is naturally attuned to ours.

We almost always come away from conversations with them conscious of having pleased and been pleased.

With other people, after putting ourselves out much more we know we have failed utterly. That is because their mental apparatus was not attuned to ours, and we did not go about correcting the difficulty scientifically, did not send test messages and try to get their vibrations.

Next time you meet one of these people, why not think of the wireless scheme?

I'm going to.

Ruth Cameron

The street accidents of London amount to about 3,500 a year—nearly ten a day.

BRIGHT'S DISEASE

Late estimates on the percentage of recoveries under the new emollient treatment for Bright's Disease are as follows:

Where patient is much weakened and crises may be expected in from five to ten days, probably not more than 10 per cent. to 20 per cent. recover. Where physicians aid with efforts to restrain fatal symptoms this percentage is increased. In cases where patients have from thirty to sixty days of life the efficiency is very much higher.

Where patients do not wait until bedridden probably three-fourths yield.

And in cases that take the new emollient treatment on the appearance of the disease nearly nine out of ten respond.

Albumen Casts and dropsy do not prevent recovery. The point is that the Renal inflammation should be attacked before the heart and physical system are broken down.

The new emollient treatment is known as Fulton's Renal Compound. It can be had in Victoria at D. E. Campbell's drug store.

We desire every patient to write us who is not noting the usual improvement by the third week. Literature mailed free. Jno. J. Fulton Co., 645 Battery street, San Francisco, Cal. We invite correspondence with physicians who have obstinate cases.

As will be seen from Mr. Hind's report as printed below, the Company has secured 2,500 acres of gold bearing ground in the district of Altar, in the State of Sonora, Mexico. Mr. Hind's reputation as a mining engineer is A1, and everyone who knows him realizes that he is most conservative in the reports he makes. The Directors have strong faith in the property purchased by Mr. Hind and they feel that in offering this stock to the public that they are putting before them a proposition that will yield very handsome returns. We would draw the attention of our readers to the following :—

The Altar Gold Fields

A GREAT DEAL OF INTEREST is now being evinced all over the world with regard to Mexico as a producer of the precious and base metals, and at the present time, owing to recent developments, the dry cemented placer fields of the Altar District in the State of Sonora are receiving a very large share of the attention. There are in the District many of these fields that have for years, and in some instances centuries, been worked by the Indians and Spaniards for their gold values. Owing to the general lack of water in the country, the ancient methods of mining as adopted were either to take the loose surface dirt, or to sink shafts in shallow places to bedrock, and by running short drifts in the cemented gravels to take out small amounts of it, which was then pounded up either on stones or with iron bars. The dirt after being so mined was then "dry-panned" in a "batea" or wooden pan. Later a dry washing machine was used, and a modification of this machine is to-day being used all through the district, as well as in other portions of Mexico and the Southern States. This consists of an inclined cloth covered plane, onto which the ore is fed, and which has across it three or four strips of wood half an inch high, forming riffles. The bottom of the machine is arranged as a bellows which is operated by a crank and turned by hand, and each motion of the bellows forces the air through the cloth top of the machine. At each pulsation the pulp or pulverized material (out of which the coarse particles have been previously screened) is raised off the surface, and descending it travels down the incline. The contained gold, on account of its much greater specific gravity, is not raised off the cloth, but instead lodges up against the riffles, from where is is periodically brushed off and cleaned up. The gold is generally fairly coarse, to which fact is due the effective saving made, as this machine is necessarily somewhat crude, and scarcely adapted to the saving of extreme fine gold, and should much of the latter be encountered it would be necessary to use more up-to-date methods of dry concentration. The history of these dry placers has been a long and interesting one, and from the various placer fields in the District it is conceded that literally hundreds of millions of dollars worth of gold have been extracted, and this from the surface, with scarcely more than occasional scratch at the cemented gravels below. For many years these properties have been known to and examined by Mining Engineers and others from various parts of the world, but have been left alone on account of the cost of working, and it has remained for Mr. Mitt Quenner, who has spent several years in the District, to devise a means for their economical handling. Mr. Quenner, after several years work, endeavoring by crude and ancient methods to extract the gold from the gravels, succeeded in perfegeting a machine to crush the gravels and liberate the gold, and in less than a year , with one machine, took out over $180,000, a great deal of which was from dumps that had already been worked over several times by the Mexican methods.

At Boludo there are dumps aggregating approximately 60,000 tons, which have been put through this machine and the gold extracted, therefore it will be seen that the machine is no experiment, but a proven success. The Las Palomas placers have recently been bought by a large Spokane Company, and reports by R. K. Neill, their engineer, indicate that on 100 acres sampled and prospected, an average of 70 cents per ton was obtained for an average thickness of 50 feet, without taking into account the high values claimed to be obtained on bedrock. The estimated cost of working is, according to Mr. Neill, placed at 12½ cents per ton, and as the Quenner machine has been proved to have a capacity of not less than 24 tons per hour, with favorable conditions, it will be seen that the total recovery per day from one machine will be very satisfactory. Very few of these fields have as yet been prospected at depth to any extent, although the surface has been worked over by Mexicans, and a very large amount of money taken out, but the cemented gravels have scarcely as yet been touched, and whilst there are many places where the values are low there are undoubted larger areas with values ranging up to $10.00 per ton. The following report by Lewis Hind, of the firm of Hind & Cane, Mining Engineers, of 1203 Government street, Victoria, Engineers for the Victoria-Sonora Mining Co., will be read with interest.

Engineer's Report

Victoria, B. C., 6th August, 1910.

TO THE V. SONORA MINING SYNDICATE, Victoria.

Gentlemen,—I beg to report that I have at your request completed an investigation covering a large area of the District of Altar, State of Sonora, in the Rupublic of Mexico, having particular reference in such work to the Placer Fields and existing conditions of the District.

I find that there are a number of these fields, the best known being The Las Palomas, San Perfecto, Las Norias, Quitobac, Sonoyta, La Cieniguilla, Boludo, San Rafael, Santa Rosa, La Durasno and several smaller ones.

These placers are by no means a new discovery, but have been worked for probably 200 years, as is evidenced by the profusion of old shafts, surface workings, ancient towns and other signs of one-time activity.

A number of these fields were visited and the ground inspected, and in every instance it is interesting to note that there is a system of gold-bearing quartz veins in the hills of the vicinity, these without doubt being the feeders for the placer grounds.

The general conditions have been eminently favorable for the erosion of these veins, and in fact such erosion has taken place to the extent of probably hundreds of feet. During this process of erosion the gold liberated from the veins has been deposited with the gravels on the lower benches, thus forming deposits of varying values and thickness, and subsequently owing to the presence of lime in the percolating waters a gradual process of cementation has taken place, and it is owing to this cementing that only a comparatively small amount of the deposits have been worked.

From the earliest days of the country the Yaqui and Papago Indians have been prosecuting their search for the yellow metal, and in the District there are thousands of acres that have been worked over by them down to the cemented gravels. Owing to their lack of machinery and appliances they were only able to work the loose surface deposits, or such portions of the cements as were abnormally rich, and whilst there are no records of the amounts taken out that can be relied upon, it is estimated that hundreds of millions of dollars have been won.

So far as it is possible to judge the conditions in the cemented gravels have been practically the same as in the loose overburden, in which case it is conceded that the majority of these known fields will give large returns when these cements are worked.

Owing to the lack of water, and the difficulty so far experienced in satisfactory dry crushing, there has been but little real work done in recent years, or at any rate until, at Boludo, Mr. Mitt Quenner devised his pulverizer.

This is a revolving barrell-shaped grizzly, on trommels, the inside being fitted with steel hammers or slugs on chain links and attached to the centre shaft, and revolving at high speed.

This machine breaks the cements from the rock or boulders, and a portion of the latter is ejected as valueless, thus making a preliminary concentration of values, and the cement and finer particles of rock are pulverized and the gold freed. The resultant pulp is then treated by being run over a "dry washer," a somewhat crude concentrating device capable of considerable improvement, and the gold saved thereon. The saving by these washers is fair, but not close, but with some slight improvements made to it, I think the machine will be capable of making a high extraction if carefully worked, and taking into consideration their original cost and the cost of operation it would be hard to replace them entirely, although if necessary further machines of an approved type could be installed to increase the saving.

The Quenner Pulverizer has a proven capacity of over 20 tons of cemented gravels per hour, and requires less than 30 h.p. to operate it.

The country is generally a dry one and water is scarce. This condition has made it necessary in most instances to treat the ores by dry methods, and has undoubtedly developed the present efficiency of such methods. With gasoline or oil engines, and dry pulverizers and washers the lack of water has no particular terror for the operators, as for camp purposes it is always easy at small expense to obtain such quantities as may be required.

The climate is favorable for mining, as there is very little wet or cold weather, and although at times extremely hot I did not notice that work was in any way interfered with.

The supply of labor is plentiful, the Mexicans and Indians being excellent miners, in fact, this seems to be their only means of livelihood, and wages range from $1.00 to $1.25 per day for native labor. Skilled labor is paid for at about the same rate as prevails in our own camps.

I made arrangements for you for the purchase on favorable terms of an exploration of approximately 1,000 pertinencias (2,500 acres) covering a portion of the well known San Rafael placer fields.

Owing to the nature of the placer deposits it is impossible without going to great expense, to obtain a fair average of the values, and more particularly so as some of the gold is very coarse, nuggets from $1.00 to $5.00 being not uncommon, whilst from almost every placer field mentioned there are well authenticated reports of nuggets of large size being taken, many of them being valued at hundreds of dollars.

The most prospecting work done in any one place has been carried out at Las Palomas, by R. K. Neill, of Spokane, and in his report he estimated average values of $0.70 per yard for a depth of 50 feet over a prospected area of 100 acres, with an estimate of $6,000,000 worth of gold contained in this prospected area, and this he states without taking into account the enriched gravels on bedrock, running from 1 to 7 feet thick, for which he got values of approximately $30.00.

Mr. Neill's estimate of working costs is $0.12½ per yard, using the dry methods as adopted there for up to date practice.

At Boludo three companies are working on bedrock, and whilst no definite returns can be obtained, I personally watched several of the clean-ups, and found that their ground was averaging from $7.00 to $10.00 per ton.

The San Rafael Placers, under option to the company, have been worked over on the surface by Mexicans and some prospect, and working shafts have been sunk in the "argamasa" or cemented gravels and values as high as $8.00 per ton were obtained.

The thickness of the gravels here is as yet an undetermined factor, but there are large areas which can be seen to be from 20 or 30 feet upwards in thickness. It would be difficult to estimate the actual values contained in this ground, but there are known places in the gravel that will contain not less than $1.00 per ton, and on one of these selected places I should advise that a complete outfit be installed. The total cost of such an outfit, including Quenner Pulverizer, gasoline engine, conveyors and washers will not exceed $7,000, and as practically no provision has to be made for the native workmen employed, the further sum of $500 would be sufficient for preliminary headquarters for the management and white employees.

As a low estimate of the values contained, I will assume that the first place on which the equipment is placed will yield $0.60. The cost of mining and treatment should not exceed at an outside estimate $0.25, which would give a net profit of $0.35 per ton, and the machine will treat 400 tons per day. There would thus be a net profit of $140.00 per day or upwards of $3,500 per month.

I should further recommend that a sum of not less than $6,000 be devoted to the purchase of a Quenner prospecting mill and equipment, and that the whole of the Company's property be gone over and thoroughly sampled. After such areas of pay gravel as may exist there are definitely located, it would then be for the Directors to decide whether to install further machines and so increase the output, or to sell or lease the ground so proved to contain pay values. By such prospecting and sampling any ground considered not to have sufficient values (and in this great area we may safely assume that portions will be practically of no value to us) could be abandoned, instead of being carried on and taxes paid therefor.

The annexed extract from the "Mining World" of July 9th, 1910, will be of undoubted interest to you, and I therefore append it for your perusal:

AMERICAN OPERATIONS IN MEXICO.

"In 1823 there was passed the first act enabling foreigners to own and operate mines in Mexico and in the following year three great English corporations accepted the invitation, being the United Mexican Association, the Anglo-Mexican Association and the Adventures Co., the three practically confining their activities to the camps of Guanajuato and Pachuca. Now there are about 1200 legitimate mining companies of outside origin and control operating profitably in Mexico, besides many others engaged in developing ground that is promising in appearance, and still other concerns unincorporated.

"The majority of all these are American, and the result is that, despite the fabulous sums that have been taken from the ground throughout the centuries since the Cortez era, Mexico now ranks fifth among the countries of the world in production of lead, fourth in gold, second in copper and first in silver. It is only within the last few years that any serious attention was paid to the mining of gold in the republic, but now there are several camps, heretofore rated as strictly silver producers, which are scoring greater yields in the yellow than in the white metal."

In conclusion I beg to say that the ground obtained by you gives great promise of being a large producer of Gold (which is the only metal on which the price never varies) and assured careful management I can with confidence recommend it as a legitimate enterprise capable of making large returns upon the money invested.

LEWIS HIND,
Assoc. Inst. M.M., M.C.M.I.

Our offices will be open each evening during this week from 7.30 to 9 30 for the convenience of those who are not able to see us during the day.

THE DELICIOUS FLAVOR OF

Apollinaris Water

COMBINED WITH ITS PERSISTENT EFFERVESCENCE

And Valuable Digestive Qualities

Accounts for its

Ever Increasing Popularity

Some House Owners

Alas, are not inspired with the unusual sense of the divine fitness of things. Others happily express their own personality artistically and interestingly in every room. This good taste, nay, personality, is essential if house decoration, like any other form of art, is to remain a splendid illustration of "Home, Sweet Home."

We would strongly advise anyone planning house decorations to turn their attention to Hall's Sanitary Water Paint. For obtaining excellent results, it is the most suitable of all for the interior and exterior of wooden houses. It is perfectly washable three weeks after being applied. It is made in rich, deep colors, as well as tints, and affords unlimited scope for artistic taste and individuality.

With Hall's Sanitary Washable Distemper and Hall's Distemper Friezes

The most charming effects may be obtained. For instance:

THE DRAWING ROOM: Ideal shades would be the lovely lavender greys, sunshine reflecting yellows and creams, or the delicate greens.

THE DINING ROOM: Secure as cheerful surroundings as possible in rich, deep colorings. We have many splendid suggestions.

THE LIBRARY: Choose a restful neutral color, say, dull olive green or brownish grey. The ceiling, if in cream or faint grey will soften the light without darkening the room.

THE BEDROOM should be decorated in light and bright style, your favorite color easily chosen.

THE NURSERY: A greyish green is an exceptionally good shade for the children's eyes. Varnish the lower three feet to darken it and soften the light on the level of the eyes.

THE KITCHEN: Use one of the many light tints for the walls darker shade of same color as dado. Varnish will give the desired darker shade and great resistance round sinks, etc., where wear and tear is heaviest.

Hall's Distemper is made in two qualities. The outside quality is weather resisting and can be used on woodwork, iron work, brick work, stone work, etc. Come in and ask us for booklet giving useful hints on decorating. Mailed free on request.

MORE SURFACE DRAINS.

Skinner's Flats Grievance to Be Remedied—Some Other Improvements.

The streets committee of the city council has adopted the following recommendation of the city engineer:

"A survey has been made with a view to temporarily relieving Skinner's flats from flooding. There is at present an open ditch following a well defined water course and running in a northwesterly direction from McCaskell and Langford streets, crossing Dominion road and Douglas road, and finding an outlet in the Gorge. To improve this old ditch would give surface darinage to a portion of the city and a portion of the Saanich municipality. I estimate that this work will cost $244, $178 of which will be spent outside the city."

Other surface drains will be constructed as follows:

Blanchard street, east side from Pandora to North Park, $650; Fisguard street, south from Blanchard, east half block, $260; Rupert street, west from Humboldt to McClure, $500; Pembroke street south from Government to Douglas streets, $1,500; Douglas street, east side from Pembroke to Herald streets, $850; Cook street, west side from Pandora to North Park, $600; Fisguard street south from Cook street east, $250; Fisguard street north from Quadra street east, $200; Pembroke street south from Douglas to Blanchard street, $300. Total $5,110.

A PRACTICAL JOKE.

How Second Engineer of Prince Rupert Jumped Overboard to Test Crew's Abilities.

"Man overboard!" The cry which rang around the decks of the G. T. P. steamer Prince Rupert while she lay in Prince Rupert harbor on Wednesday transformed a comparatively quiet boat drill into a thrilling scene of excitement. Halting their labor momentarily to look over the vessel's side, the crew observed a head bobbing in the water and then, with encouraging shouts to the apparently drowning man, broke all records for launching a boat and rescuing the unfortunate. Not until the dripping form was hauled over the gunwale of the boat and the laughing face of the second engineer beamed upon his saviors did the latter suspect that they had been done.

The way it happened was this. The chief engineer and the second were standing on deck when the boat drill began. "They get those boats out in good style," remarked the chief anent the drilling crew. "Yes," rejoined the second, "but I wonder if they swing them fast enough to rescue a drowning man." "You're a good swimmer," suggested the chief, "slip overboard and try them."

There was a splash almost before the chief had completed the sentence, and at his cry the work of rescue commenced. Not a word was spoken until the boat was up the davits again when the second engineer turned to the chagrined seamen. "Thanks," he said dryly, and then the merriment was general.

RECALLS AEON WRECK.

Mrs. H. C. Brewster, of Stanley avenue, is at present in Vancouver visiting her brother, Capt. Downie, of the Australian Mail liner Century. Capt. Downie will be remembered as the master of the steamship Aeon, sailing from San Francisco to Apia, Auckland and Sydney for the Australian Mail line, which ran ashore at Christmas Island, in the South Pacific, in the summer of 1908. The steamship was missing from the time of her departure, July 6, until well into September and fears were entertained for her safety. Capt. Downie, accompanied by two engineers, reached Fanning island cable station in an improvised power-boat on September 18 and reported the Aeon a total loss and her passengers and crew all well. The castaways were taken from Christmas island by R. M. S. Manuka shortly afterwards.

ONLY ONE MORE SKEENA SEASON

G. T. P. WILL CROWD OUT STEAMBOATS BY 1912

Low Water in River Indicates Navigation This Year is Nearing an End

James Thompson, local manager of the Hudson's Bay Company, who has returned from his annual trip of inspection to the company's fur trade posts, stated to the Times to-day that next year would see the end of steamboat navigation on the Skeena river. The Grand Trunk Pacific road is now almost completed to Copper river, and Mr. Thompson stated that the line should be in operation as far as Hazelton by the spring of 1912.

Asked if the company had made any arrangements for using the steamers Hazelton and Port Simpson on another route following the close of the Skeena service, Mr. Thompson said the vessels would most probably be placed upon the Stikine. There was not at present, he said, sufficient business on the latter river to warrant the employment of both steamers but the country is developing fast and a year from now there should be sufficient business to keep both stern-wheelers busy.

The Skeena business, Mr. Thompson added, would probably be confined to navigation between Kitselas canyon and Hazelton next year as the G. T. P. would be in a position to handle freight from Prince Rupert to Kitselas.

The season of navigation on the river is now rapidly drawing to a close. Two feet below zero is the lowest depth of water at which the Skeena can be safely negotiated and on Friday last the river was four inches below this mark. Yesterday, however, the river was reported rising with the height at 1 foot 7 inches below zero and both of the Hudson's Bay Company's steamers reached Prince Rupert yesterday. It is expected that each steamer will make one more trip before navigation ends which will allow of 250 tons of freight lying in the company's warehouses at Prince Rupert to be cleaned up.

MARINE NOTES

The Canadian-Australian liner Makura is due at the outer wharf to-morrow evening from Sydney, N. S. W., and way ports of call.

* * *

The Kosmos liner Abessinia arrived this afternoon from San Francisco with 1,000 tons of freight for this port, 2,000 tons for Vancouver and a large shipment of cement for the Powell river pulp mill.

* * *

Taking 400 tons of cargo and eight passengers the Canadian-Mexican liner Lonsdale sailed this afternoon to Salina Cruz via ports on the west coast of Mexico.

* * *

The Holt liner Cyclops left Yokohama for this port on Saturday. The R. M. S. Empress of Japan leaves the Japanese port to-morrow. The Cyclops is due on the 28th and the white liner on the 29th.

* * *

Six days from San Francisco the steam freighter Eureka, under charter to the P. C. S. S. Co., was reported passing Tatoosh this forenoon and will dock this evening. The Eureka has 154 tons to discharge here.

* * *

The Northern S. S. Co.'s steamer Petriana is up the harbor to-day loading 65,000 feet of lumber for Rose harbor whaling station, 10,000 feet and 1,000 bundles of laths for Prince Rupert. She will get away to-night.

* * *

The G. T. P. steamship Prince Rupert reached port on Saturday night from the north. The Rupert brought down 120 passengers for Victoria and Vancouver. She sailed again last night with a large list of passengers for Vancouver and northern ports.

* * *

The big British tramp steamship Greystoke Castle has arrived at Vancouver from San Francisco with 2,000 tons of rails. Off Cape Flattery the steamship was in fog for 18 hours. She arrived at the Evans, Coleman & Evans wharf on Saturday night.

* * *

The O. S. K. liner Tacoma Maru, which ran ashore at West Point, Seattle, on Saturday morning, floated off during the day without injury and continued her voyage to Victoria. Soundings showed that the steamship was not taking water and she sailed about 9 p. m. for Hongkong via way ports.

NOTICE TO MARINERS

NOTICE TO MARINERS.

The following statement regarding the light and fog signal at Cape Flattery has been made by Commander Ellicott, U. S. N., in charge of the 17th district:

"With reference to the complaint made by Capt. Allen, of the British steamer Henley, that he has frequently failed to see the light at a distance of two miles, you are advised that the Cape Flattery light is a first-order light, and there has never been a single complaint registered against it before.

"In regard to his failure to hear the fog signal which is a 12-inch whistle, such as used at all important fog stations, you are advised that exhaustive experiments have demonstrated that there are silent zones in the vicinity of Tatoosh Island which make too much dependence on the fog signal inadvisable. Nothing can be done to remedy this defect."

This affiure of hearing the fog signal has been experienced at Race Rocks and in the vicinity of Active Pass, in the Strait of Georgia, and mariners are hereby cautioned accordingly.

Marine and Fisheries, Victoria, B. C., 14th Oct., 1910.

Information has been received at the agency of marine and Fisheries from the municipality of Richmond that the North Arm bridge, on the Fraser river, will be closed from 15th October, 1910, for repairs, until further notice.

Marine and Fisheries, Victoria, Oct. 16, 1910.

YALE AND HARVARD START FOR PACIFIC

Turbine Liners Sail From New York for San Francisco on Long Voyage

(Times Leased Wire.)

New York, Oct. 17.—Bulwarked with heavy planking to protect them from the high seas of the Straits of Magelan, the liners Yale and Harvard steamed out of New York harbor to-day on their 15,000-mile voyage to San Francisco.

The two big steamships will stay together as far as possible on the trip and by means of wireless telegraphy will keep in touch at all times with the shore. Each has 1,000 tons of coal on board and they will put in at St. Lucia for more.

Half of their boilers will be run by oil and the other half by coal during the trip through the Atlantic. As soon as the calmer waters of the Pacific are reached oil will be used exclusively.

Captain John Joseph Shea, who has had previous experience in bringing vessels around the Horn, is in command of the Harvard, and Captain Gover commands the Yale. Each crew numbers 84 men.

MOVEMENT OF VESSELS

(Special to the Times.)

ON THE COAST.

Liverpool—Sailed: Br. str. Keemun, for Puget Sound.

BABIES SORES.

Every mother should realize that the skin of her baby is so tender that the secretions of the body often lead to rashes, eruptions, etc., all of which may be removed by Zam-Buk. Scores of restless, crying babies, upon examination, are found to be suffering from some form of skin irritation or "heat." Don't let the little one suffer when Zam-Buk will cure!

Mrs. L. Hood, of 475 Alexander Avenue, Winnipeg, says: "I have proved the value of Zam-Buk when applied to children's sores. Some nasty sores broke out around my baby's mouth, and despite all the preparations used, they refused to heal. I took him to St. Boniface hospital and he remained there for two weeks. At the end of that time he was no better, and we again took him home. I was then advised to try Zam-Buk and obtained a supply. The effect of the first few applications was very gratifying, and I continued with the use of the balm. A little perseverance resulted in a complete cure."

Mrs. E. Cocker, of Yorkton, Sask., says: "My little baby girl had a bad running sore all over her little chin. A few applications of Zam-Buk healed the sore in such a perfect manner that no scar was left behind."

Scores of similar cases could be quoted. Zam-Buk is absolutely pure—contains no rancid animal fats, no mineral coloring matter, no astringent poisons. It is the ideal balm for baby.

Zam-Buk cures eczema, rashes, ringworm, chapped hands, scurvy, heat rashes, cuts, burns, ulcers, discharging sores, and all skin injuries and diseases. 50c. box, all druggists and stores, or Zam-Buk Co., Toronto, for price. Don't take the risk of using harmful imitations!

OBITUARY RECORD

The remains of the late Robert Carlisle were interred in Ross Bay cemetery this morning. The funeral took place from the parlors of the B. C. Funeral Company, where services were conducted by Rev. T. W. Gladstone.

At the Royal Jubilee hospital on Saturday the death occurred of Mrs. Mary Le Sueur. Deceased was 27 years of age and was born in Brazil. The remains are at the parlors of the B. C. Funeral Company, pending the funeral arrangements.

Interment of the remains of the unknown man, who was found dead on Shotbolt hill on Oct. 9, was made this morning in Ross Bay cemetery. The funeral took place from the parlors of the B. C. Funeral Company at 10 o'clock. Rev. T. W. Gladstone conducted the services.

Yesterday the infant daughter of Mr. and Mrs. Thomas Bourne, 949 Fisguard street, passed away at the family residence. The funeral will take place privately to-morrow morning at 9.30 o'clock from the Hanna parlors, Yates street. Interment will be made in Ross Bay cemetery.

This morning the funeral of the late Mrs. Katherine Allard took place from the Victoria Undertaking parlors at 8.45 o'clock and fifteen minutes later at the Roman Catholic cathedral, where requiem high mass was celebrated by Rev. Father Laterne. At the graveside burial services were conducted by Rev. Father Langdale. There was a large attendance of friends and many floral offerings covered the casket. The following acted as pallbearers: J. McKenna, Geo. McDonald, A. McDonald and W. B. Smith.

Charles R. Thompson, who for the past thirty years had been a resident of this city, passed away on Saturday night at the Royal Jubilee hospital, after a lingering illness. Deceased, who was born in New York, was 61 years of age. During his long residence in this city Mr. Thompson made many friends, who will learn with sincere regret the news of his death. He was a ship carpenter by trade and was well known along the waterfront. A widow, Mrs. Crythena Thompson, and one daughter, Eva, survive him. The remains, which are reposing at the Hanna parlors, will be conveyed to the family residence, 1217 Whittaker street, to-morrow morning, from where the funeral will take place on Tuesday afternoon at 2.30 o'clock, under the auspices of Far West lodge, No. 1, Knights of Pythias. Rev. T. E. Holling will officiate.

SPOKANE JUDGE DEAD.

Spokane, Wash., Oct. 17.—Judge Edward Whitson, of the Federal court, died on Saturday night. The cause of death was paralysis, due to a blood clot on the left side of brain. Judge Whitson's entire side was paralyzed. It is believed the stroke was brought on by extra heavy duties in the United States court the last few days preceeding his illness.

CHARGED WITH MURDER.

Santa Rosa, Cal., Oct. 17.—Speculation is aroused over the indictment returned by the Sonoma county grand jury against Henry Yamaguichi, Japanese, charged with the murder of Thos. A. Kendall.

In the indictment not a word is said about the deaths of Kendall's aged parents. Nineteen witnesses were examined by the grand jury.

—By order of the trustees under debenture trust deed, Messrs. Stewart Williams & Co. will sell by public auction on Saturday, November 12, at the Driard hotel, the undertaking and all the property and assets of the Silica Brick and Lime Company, Limited, as a going concern, and which comprise in particular the freehold lands forming the site of the company's brick and lime works at Atkins Siding, Esquimalt District, and being part (24 acres or thereabouts) of section 105 and all section 113 (about 142 acres) Esquimalt District, and all buildings thereon and the brick and fittings, stock in trade, tools, implements and other chattels and effects in, upon and about said premises.

What Other People Think

"AN ECHO FROM THE DISTANT PAST."

To the Editor:—Referring to the interesting letter of the Rev. A. Alston, in which he encloses a photo which he believes to be of the members of the legislature of Vancouver Island between 1863 and 1866, and which you reproduce in your issue of Saturday the 15th, permit me to point out that Mr. Alston is in error in believing the photo to be of the members of the legislature of Vancouver Island. It is a photo of the members of the legislative council of British Columbia in 1870, the year before confederation.

Our friend, Mr. Fawcett, to whom you submitted the photo, has also made two or three errors in the names of those appearing therein. The full list of the legislative councillors of that date is as follows:

The Hon. Philip J. Hankin, Colonial Secretary (Speaker.)

The Hon. George Phillippo, Attorney-General.

The Hon. Joseph William Trutch, Chief Commissioner of Lands and Works and Surveyor-General.

The Hon. Wymond Ogilvy Hamley, Collector of Customs.

Agustus Frederick Pemberton, Esquire, J. P.

Edward Graham Alston, Esquire, J. P.

Henry Nathan, Esquire, Victoria City.

The Hon. John Sebastian Helmcken, Victoria City.

Amor De Cosmos, Esquire, Victoria District.

Arthur Bunster, Esquire, Nanaimo.

Hugh Nelson, Esquire, New Westminster.

Clement Francis Cornwall, Esquire, Hope, Yale and Lytton.

Thomas Basil Humphreys, Esquire, Lillooet and Clinton.

The Hon. Robert William Weir Carrall, Cariboo and Soda Creek.

Robert James Skinner, Esquire, Kootenay and Columbia River.

Mr. Maclure was never a member of the legislative council of British Columbia; neither was Mr. Joseph W. Carey.

R. WOLFENDEN.

Victoria, B. C., October 17, 1910.

PAVEMENTS.

To the Editor:—With the usual fairness of the Times I note that you are ventilating the grievances of some paving contractors, amongst them the Bitulithic Company, who are justly seeking a share of the city's work, but are being barred because of the Mayor's cry "patent exploitation." This is just like Mr. Mayor. Does he want to keep the city closed for Worswick and family?

I hold no brief for bitulithic, but I know it to be an exceptionally fine roadway. Were it not so would Toronto have 300,000 yards of it? Would Vancouver, Calgary, Halifax and numerous other Canadian cities use it?

But why should the Mayor and council keep out bitulithic or any other first-class pavement? Your article demanding the "open door" in paving contracts does you credit, and the usual leniency of your contemporary is typical.

A. M. WHATELEY.

Vancouver and Victoria.

"SAINT OLIVER."

To the Editor:—Judging from a recent Christ Church lecture here on "Westminster Abbey," by one of its minor canons—wherein some of the alleged work there of "those dreadful Puritans" was mentioned to us, as also the site, only a stone's-throw away, "where poor Charles I. died a martyr to his religion"—no immediate canonization of Cromwell, such as is suggested in your editorial of 13th, can be looked for.

Nevertheless, it may be somewhat nearer than we think, for if, in this age, the above "history" is the best Anglicanism can do for us, perhaps, in the words of Dr. Arnold to Dean Stanley, "the Church of England," through its own limitations, will shortly "perish for the sake of the Church of Christ"; a somewhat different institution apparently, in which Oliver no doubt would have a far larger chance.

To the ordinary lay mind the difficulties of the Athanasian Creed—now receiving so much attention from the church authorities—are not nearly so "incomprehensible" as the mental belief of such Puritan-denouncing clergy as are able, spite of all their commandments, to accept as spiritual leaders the im-Puritans of the House of Stuart. How could churchmen of the seventeenth century select, and those of a later date tacitly approve of, such a Defender of the Faith as Charles II., of whose court we need only observe that it was infinitely more in need of the attentions of such purity campaign lecturers as visited us last week than Chicago, Winnipeg, or anywhere else to-day? Then at his death, in a characteristic Stuart fashion, this Anglican champion by a back-stairs conversion finally goes over to Rome.

Turning to this churchman's father is apparently quite as hopeless to anyone seeking a really commandment-observing institution, with anything like a serious head; for whatever a coronation oath may be—surely a most solemn undertaking for the entire reign, both to the monarch taking it and the state clergy administering it—it is certainly not a license either in church or state, for the cutting off of people's ears, the setting up of Star Chambers, the illegal arrest, or attempted arrest, of the nation's representatives in parliament, or in fact the cancellation of everything subscribed to at starting. In regard to the execution of the King, it must not be forgotten that the victorious Puritans, after three and a half years of amazing forbearance, were at length reluctantly compelled, through his own duplicity in now bringing on a second civil war, to choose between the requiring of this life, or of still allowing it to be the means of a never-ending sacrifice of thousands of other lives throughout the nation. Who, taking the resolution as a whole, can seriously blame the army for finally deciding at Windsor, before they swung away to Preston: "That it was our duty, if ever the Lord brought us back again in peace, to call Charles Stuart, that man of blood, to an account for that blood he had shed, and mischief he had done to his utmost, against the Lord's cause and people in these poor nations"?

As for James II., Anglicans could alone tell us how their church managed to coronate and elect as its spiritual head this avowed Catholic; and also enlighten us as to the particular Christian graces likely to be developed by his missionizing efforts with the "boot-jack" and "thumbscrew."

Until such time therefore as our national church can explain to us a Stuart "religion," and possibly an Athanasian Creed—or, better still, abandon both, and officially adopt it need be some such New Testament belief as is contained in, say, James I., 26 and 27—many, like Carlyle in his concluding remarks on the campaign in Ireland, may reluctantly conclude that "this so-called 'Curse of Cromwell' is the only gospel of that kind"—a veracity one—"I can yet discover to have ever been fairly afoot there," or, perhaps, anywhere else.

Perhaps, however, some day the Anglican clergy will see fit to remove from the Abbey—not in the Stuart style in which the Restoration ghouls grubbed up the body of the great soldier they never could face in life—to its natural resting place, the new cathedral at Westminster, the remains of their Roman Catholic "Defender," Charles II., and devise for the vacancy some suitable memorial to "the greatest Prince that has ever ruled England."

A. FELLOWS.

Balmoral Hotel, Victoria, B. C.

PAVEMENTS.

To the Editor:—The various letters and inspired articles in the newspapers, as well as the street rumors (which are nasty, as usual), form my excuse for trespassing on your space.

As owning considerable property here, and having just completed my home fronting on a purported street, I was anxiously looking for the best pavement possible, at a not prohibitive price. This led to my meeting some of the road oil men at the Empress about ten months ago. Capt. Worswick, on his way home to California from Calgary, where he had just completed a season's work, happened to be of the party. He impressed me at once as knowing his business.

I had always liked asphalt, but not the so-called "standard specification," that is a cement concrete base with a thin sheet of asphalt as cover. The base is too rigid and there can be no union between the two courses. Altogether too much of the stair-carpet effect, even to the danger limit under heavy motor traffic.

The pavement designed by Capt. Worswick, I saw at once, does away with these objections, as his concrete base is made with asphalt instead of cement as a binder, giving an elasticity impossible under the old method. The upper course, placed very hot and rolled into this, runs down into the crevasses and holes in the concrete and binds to them, forming a solid mass, practically the same throughout.

My two or three talks with Capt. Worswick impressed me very strongly. I liked the man, and he certainly knows asphalt. He referred me to the Calgary authorities and the various towns in Southern California where he had put in streets. It happened that his oldest paving was done in a town where a friend of mine, a retired C. E., lives, to whom I wrote and received a very warm appreciation of the Worswicks and their work.

The next time Capt. Worswick came north he met several of the property owners on Linden, Cook and St. Charles streets and made us the definite offer that if we would assure him of twenty thousand yards he would make a maximum price of $2 a square yard, with a ten-year guarantee. This looked good to us, who had been given the choice between macadam at $1.85 a square yard or wood blocks at $4.35.

It took some strenuous work on our part to make the city authorities believe as we did. The price looked too low. However, the contract was let, the plant erected, St. Charles, Linden and Southgate streets paved, and, I judge, a fair profit earned at the price of $1.90 per yard. This price, with the acquisition of the Mt. Tolmie pits, has been reduced to $1.70 by the company.

Of course, it is hard on other contractors, notably Asphalt Trust (bitulithic, etc.). Someone is sure to inquire how it happened that they got more than twice the money for the same grade of work. No wonder they have pulled every string to get the Worswicks into line, and I expect to see some strenuous times here in order to force them into the fold.

I have no interest—direct or indirect—with the Worswick Company (I wish I did), but I am most interested in good streets and roads for Victoria, and I think that in Capt. Worswick and his methods we in Victoria have a most valuable asset, and if we allow him to be crushed out by unfair methods we will deserve what we get.

W. D. McGREGOR.

Victoria, B. C., Oct. 15th, 1910.

A hat full of coal lasts all night in COLE'S HOT BLAST

That is a tremendous fact for users of heaters. **Your fire is never out!**

A hat full of coal in a Cole's Hot Blast burns **all night,** and in the morning instead of building the fire, shivering in a chilled room and waiting for the fire to heat up, you **open a draft only.**

And there is fuel enough left to warm up nicely.

We not only **say** this. We guarantee it, and our word is backed by the largest manufacturer of soft coal heaters in America.

We guarantee a saving in **fuel** of a **third.** This is a conservative guarantee. You really save one-half to 60% of your winter's fuel bill by using this stove.

In fact, our guarantee on Cole's Hot Blast is the most sweeping statement ever put behind a heater, and it puts us in the lead of all stove dealers.

Let us show you this remarkable heater—this clean stove—this continuous fire holder—this expense cutter—this beauty.

Cole's Hot Blast $12 Up

Take note that this heater burns **soft coal, hard coal, wood, slack, lignite** or **cobs**—and we guarantee it against **any heater,** size for size, at twice or three times its price.

Ours is the **Original** Cole's Hot Blast, with the name **Cole's** on the feed door.

$12 up

Shows Top Draft burning the GAS half of soft coal

Paving Problem Solved

Westrumite

LAID COLD **Asphalt Pavement** LAID COLD

THE STANDARD OF MODERN PAVEMENTS AT MODERATE COST

Manufactured from the best Natural Asphaltums that have proven successful in the paving industry during the past thirty years.

NEVER SLIPPERY SIMPLE TO REPAIR MOST SANITARY

No special machinery necessary to apply it. Any contractor can construct city or country roads. Most efficient asphaltic cement on the market; elastic, durable, dustless. The popularity of Westrumite Asphalt is well illustrated by the fact that towns which four years ago laid a street or two, now have as many as twenty or twenty-two streets paved with this material.

RETURNS FROM TRIP TO FUR TRADE POSTS

Manager Thompson, of Hudson's Bay Company, Ends Three Months' Tour

After an absence of three months on a trip of inspection to the fur trade posts of the Hudson's Bay Company in the province, during which he covered hundreds of miles afoot, afloat and astride, James Thompson, local manager for the company, has returned to the city.

Leaving here in the middle of July Mr. Thompson travelled to Wrangel, Alaska, from which point he was conveyed in one of the company's steamers up the Stikine river to Telegraph creek. Travelling north and using both pack-train and canoe, Mr. Thompson reached Medames creek and Liard post, the latter post being on the borders of the Yukon territory. On his return journey he travelled to Prince Rupert and thence by steamboat to Hazelton, from which point his trip extended through the Bulkley valley to Ashcroft by way of Quesnelle. Between the last-named town and Ashcroft Mr. Thompson travelled by automobile the car covering the distance of 221 miles in remarkably fast time, leaving Quesnel at 7.15 a. m., and arriving at its destination at 9.30 p. m.

Asked for a statement regarding the fur output for the year, Mr. Thompson said he was not at liberty to discuss that matter. He expressed himself as greatly satisfied with his trip. "It was only necessary to don a rain coat for one half-day during the whole three months," he said. "The weather was as near perfect as possible and the journey without untoward incident."

TIMBER DESTROYED BY CATERPILLARS

Dr. Hewitt Says Large Tract at Cowichan Has Been Attacked by Bud Worm

Dr. Gordon Hewitt, the Dominion entomologist, who a few days ago lectured here on "Flies in Relation to Health," has been to several points on Vancouver Island investigating reports in regard to the prevalence of bud worm in the coniferous trees of that district. He found the pest very prevalent in the neighborhood of Tzouhalem, covering a tract of country stretching approximately from Maple Bay to the Saanich peninsula. While here he has arranged for a study of the parasites which prey on this pest and which may in the ordinary course of events kill them. He has found there are one or two such parasites, but whether they will be found sufficiently effective or not remains to be seen. Should these not prove effective the timber will have to be cut down.

Dr. Hewitt says that the bud worm has been attacking large areas in the east and the owners of the timber are afraid they will lose a large quantity of it. The small caterpillar eats the foliage from the trees. If this is continued several years in succession the result is fatal.

Dr. Hewitt left on Saturday for the east. He will visit several points in the interior of British Columbia and then proceed direct to Ottawa.

THE PASSING SHOW

New Grand Theatre.

To-night Mar Orletta and Fred W. Taylor will be heard at the Grand in the new operetta "The Butterfly and the Prince," a production just from the American metropolis, and staged here with the same elaborate scenery as was necessary to make it a drawing card in the east. John Higging, England's champion jumper, will perform; Scott and Wilson, rich entertainers in acrobatic fun, are billed; Julia Miller and Charles Breshna appear in a singing and dancing turn and "The Town Fiddler" will be shown by Joseph Kettler and Marie Nelson. Thomas J. Price and the moving pictures are billed as usual.

Majestic Theatre.

The new bill will be found replete with new features, including several dramatic and comedy subjects of strong attractive quality. "The Wild West" is to the fore again with an Indian story entitled "A Mohawk's Way," which serves to introduce an old theme in a new setting. It is a story of an attractive squaw who falls in love with a white doctor only to discover that she has been deceived. The Indians demand retribution and the doctor meets retribution after an exciting encounter. "The Old Horse" is a pretty story of animal intelligence which is illustrated when the faithful animal goes to the rescue of his master who is slowly sinking in the quicksands on the sea shore. "Smoke Pictures" is a clever illusion subject and "Big Medicine" or the effects of nightmare are sufficiently realistic. "Bertie's Elopement" illustrates a new method of getting away with a girl in spite of all opposition.

Romano Theatre.

"The Deciding Vote" is the big feature at the above theatre to-day and to-morrow. This picture is an Imp drama of exceptional merit, and one that will go straight to the hearts of all who see it. It has to deal with a senator, his sick wife, and a bribe offered him by the land company to make him vote in favor of their bill. The picture shows how he refuses to be bribed. Another fine picture is "The Fall of the West," a typical western drama, full of thrilling situations. There will also be shown "The Foragers," a picture of the days of '61, and "Grandpa's Darling," drama. The Romano orchestra will furnish the music for the pictures.

Crystal.

"The House of Crowds" would be a suitable name for this house, judging by the immense audiences of last week, the largest ever gathered to one picture house in the city. Patrons can be sure of the best subjects, put on in most up-to-date style. For Monday and Tuesday a highly interesting bill will be presented. "Silver Plume Mine" is a fine new picture, telling vividly a most thrilling tale of plots, counter plots, heroics, romance and final settlement. "Swedish Dances" is a most interesting subject of customs, costumes and dances of Sweden, accompanied by appropriate music. "Young Deer's Return," a very wild, wooly and westy Indian drama. "How Bro. Cook Was Taught," a farce producing beautiful merriment all through. New illustrated song by G. McLellan.

LADIES, WHY NOT PRESERVE YOUR YOUTH AND BEAUTY?

Parisian Sage, the quick acting hair-restorer; is now for sale in Victoria at the drug store of D. E. Campbell, and is sold with a rigid guarantee at 50 cents a bottle.

Parisian Sage has an immense sale, and here are the reasons:

It is safe and harmless

It cures dandruff in two weeks, by killing the dandruff germ.

It stops falling hair.

It promptly stops itching of the scalp.

It makes the hair soft and luxuriant.

It gives life and beauty to the hair.

It is not sticky or greasy.

It is the daintiest perfumed hair tonic made.

It is the best, the most pleasant and invigorating hair dressing made.

Fight shy of the druggist who offers you a substitute; he is unworthy of your confidence.

EDSON

The townsite that has of late caused all the excitement on account of the enormous deposits of ore found in the vicinity. Local improvements are going along in bounds and with three hotels and six lodging houses already completed and two new hotels under construction, the finding of homes for the new comers is as far from solution as ever. It is predicted that on completion of the railroad Edson will rival Edmonton and Calgary and become one of the largest coal centres of Canada. Look into the future and lay the foundation for later comforts by buying now.

The ADVANCE MAN

To-night's Attraction.

Rida Johnson Young's captivating comedy, "The Lottery Man," which has just finished a long engagement at the Bijou theatre, New York, will be the capital offering at the Victoria theatre this evening, when Messrs. Shubert will bring their latest success to this city for the first time. The players include William Rosell, Vivian Ogden, May Donahue, Florence Robertson, George Roberts, Lucia Moore and others.

The story is that of a New York newspaper reporter, Jack Wright, who borrows a sum of money from his employer, Foxey Peyton, agreeing in the event he fails to return the loan to supply the paper with the greatest news item it has ever had. Of course the reporter loses the money and proceeds to make his promise good. This he does by inaugurating a lottery, which the paper conducts, with himself as the capital prize. The coupons are sold for a dollar apiece and their sale is particularly large among maiden ladies with a disposition to "take on" a husband. Wright is unencumbered and free, save for a devoted mother. No sooner does he start the lottery, however, than he falls in love with Helene Heyer and from then on there is a merry war to come into possession of as many of the coupons as money can buy. Wright, of course, wants Miss Heyer, although he realizes that the odds are against him. It develops that Lizzie, an old maid in the household of the Peytons, steals the winning coupon from the cook. Being of a lovable disposition she "flashes" the number and claims Mr. Wright. Miss Heyer, however, discovers than Lizzie has stolen the coupon. She is threatened with arrest and to save herself, gives up the ticket. Mrs. Young, the authoress, has introduced much by-play and many situations which are mild caricatures of every-day conditions. Very cleverly and convincingly she shows the futility of battling against the onslaught of old age and the good that can be derived from a happy disposition. The "Lottery Man" was voted one of the genuine successes of the past season.

"The Blue Mouse."

When Grace Merritt as "The Blue Mouse," in Clyde Fitch's play of the same name, declares: "I'm just as hungry for a little affectionate attention," there are few in the audience who wouldn't gladly change places with the man whom she is addressing. It all comes about over the "temperament" of "The Blue Mouse," who, when she feels sympathetic, can't help being friendly. She has been engaged by Rollett, secretary to the president of a railroad, to impersonate his real wife, flirt with the president and obtain for him (Rollett) a promotion. Rollett really loves his wife and is bored at the childlike affection that the "Mouse" would bestow on him.

Quite to the contrary, however, with the president, who also is married. But his wife—well, Mr. Fitch has drawn in her a character so entirely new to the stage that she must be seen to be appreciated. This mix-up gives a basis for the plot but, not content with this, Mr. Fitch has drawn other characters into the turmoil so that before the three acts are over the audience has been treated to a variety of the kind of laughter that lasts.

In the cast of "The Blue Mouse," which comes to the Victoria theatre tomorrow and Wednesday evenings, are Grace Merritt, Wilton Taylor, Inda Palmer, Guy D'Ennery, Mabel Risley, John E. Hynes, Gordon Mendelssohn, W. G. Reynier, Earle Wright, John Dunne, Wm. H. Burke, Mary MacGregor, Doris Kraker, Manuel Alexander, George Rogers, Louis F. Jones, Oscar Lewis, Sophia Tucker and Mae Dougherty.

"The Whirlwind."

Margaret Illington will make her appearance at the Victoria theatree on Thursday next in the new French play, "The Whirlwind," which is the work of Henri Bernstein, who also wrote "The Thief."

Aside from the value of the play, which is said to exploit this great emotional actress at her best, there is also deep interest in the forthcoming appearance of Miss Illington, as it marks her re-entrance into dramatic fields after an absence of two years.

Miss Illington is an actress of intensity; she proved this claim when she appeared with John Drew in "His House in Order," and again when she played the wife in "The Thief." Her aim is to reveal the truth upon the stage, giving to each character all its real identity and personality.

REGULATES KIDNEYS AND ENDS BACKACHE

A Few Doses Make Kidneys Act Fine and Cure Urinary Trouble

Don't wait until it settles into Dropsy, Gravel, Diabetes or Bright's Disease—the time to cure kidney trouble is while it is only a trouble.

The moment you suspect any kidney, bladder or urinary disorder, or feel a constant or dull aching in the back, sides or loins or the urine is thick, cloudy, offensive or full of sediment, irregular of passage or attended by a sensation of scalding you should begin taking Pape's Diuretic as directed, with the knowledge that there is no other medicine, at any price, made anywhere else in the world, which will effect so thorough and prompt a cure.

Pape's Diuretic acts directly upon the kidneys, bladder and urinary system; cleanses, vitalizes and regulates these ducts, organs and glands, ending at once such miserable symptoms as lame back, headache, dizziness, weakness, Prostatic trouble, nervousness, rheumatism and darting pains, inflamed or puffy eyelids, irritability, bilious stomach, worn-out feeling, sleeplessness or suppressed, painful or frequent urination (especially at night) and other distress.

Don't be miserable another moment with a lame back or clogged, inactive kidneys or bladder misery, for after taking Pape's Diuretic a few days you will be relieved and know all danger is passed.

Your pharmacist, physician, banker or any mercantile agency will vouch for the responsibility of Pape, Thompson & Pape of Cincinnati, Ohio, who prepare Pape's Diuretic — 50 cent treatment—sold by every druggist in the world.

NOTICE

IN THE SUPREME COURT OF BRITISH COLUMBIA.

In the Matter of Elizabeth A. James, Deceased, and in the Matter of the Official Administrator's Act.

Notice is hereby given that, under an order granted by the Honorable the Chief Justice, dated the 28th day of September, A. D. 1910, I, the undersigned, was appointed administrator of the estate of the above deceased. All parties having claims against the said estate are requested to send particulars of same to me on or before the 28th day of October, 1910, and all persons indebted to the said estate are required to pay such indebtedness to me forthwith.

Dated at Victoria, B. C., this 30th day of September, 1910.

WM. MONTEITH,
Official Administrator.

PIONEER OF FLIGHT.

Sir H. Maxim Gives Up His Work on Account of Advancing Years.

The aviation world will learn with regret of the determination of Sir Hiram Maxim, one of the pioneers of flight, to abandon his experiments just when he had almost completed a flying machine which experts who have seen it regard as one of the most remarkable yet built. In an interview with a representative of the London Evening Standard, the veteran inventor explained the reasons which have induced him to give up the further study of the problem to which he has devoted so great a part of his life. "Having made the first flying machine that ever lifted itself from the ground, but with a steam engine that was altogether unsuitable for the purpose, it occurred to me," he said, "that with the new petrol motor which has been developed during the last few years, it would be an easy matter to take up the flying machine question again, including the motor as well as the machine. But I found that I could not work as I did twenty years ago. I am now over 70 years of age, and the work was of a character that I could not trust to others. In fact, some of the men whom I employed smashed things about as fast as they could make them. My health gave out, and I was forced to give up the work. And then, again, I was very greatly discouraged on account of the large number of flying men who have been killed or injured. I was too old and too heavy to do anything in the flying line myself, and it was impossible to get my men insured against death or injury. Further, I had so much other business to attend to that on the whole, I thought it best at least to suspend work for the present. There are a good many other men at work, especially in France, and it is hard for anyone in England to hope to compete with the French, who have been studying the subject for so many years, and who have the strong support of their government. The great expense of conducting flying machine experiments is also a factor which discouraged me to continue my work at the present time. Quite possibly, later on, I shall produce a new motor, and I might even take up the question of the machine itself, providing I can do so under favorable conditions. But there is no denying the fact that I am now an old man, and I cannot stand the fatigue which is inseparable from such an undertaking. My new machine, which is now at Dartford, is practically finished," he added, "but I intend leaving it in its present state, and not carrying any further experiments until I feel more able to do so."

The biplane which Sir Hiram had nearly completed, and on which he has spent a large sum, was described by one expert as a "Pullman of the air," owing to its elegant appearance. It embodied many new features, and the engine developed a greater horse-power for its weight than probably any at present on the market.

The occupants of a balloon a mile high command a radius of 96 miles.

MUST IMPROVE HOTELS.

License Commissioners of New Westminster Issue Ultimatum.

New Westminster, Oct. 15.—If some of the hotels of New Westminster do not improve the condition of their premises the licenses will be taken away. The hoteimen have until the next meeting of the license commissioners in December to comply with this ruling. The license commissioners reached this decision at their last meeting.

The commissioners paid a visit to all the hotels previous to the exhibition, and as previous warnings have had no effect, the commissioners are determined to make an example of someone.

TROUBLE WITH THE STOMACH

That Can Only Be Cured When Liver and Kidneys Are Set Right by DR. A. W. CHASE'S KIDNEY and LIVER PILLS.

It is customary to put all the responsibility on the stomach for indigestion and its accompanying discomforts.

This is all wrong, for almost always the liver and kidneys are to blame, and you find among the symptoms constipation, backache, biliousness, and headache.

You will be surprised how quickly Dr. A. W. Chase's Kidney and Liver Pills will regulate the liver, kidneys and bowels and get the digestive system into good working order.

If you are in earnest about a cure, don't bother any more with more aids to digestion, but rid the whole system of poisonous impurities by using Dr. A. W. Chase's Kidney and Liver Pills, and you will know once again the pleasure of living.

This medicine gets at the cause of trouble and makes the cure complete. One pill a dose, 25 cts. a box, all dealers, or Edmanson, Bates & Co., Toronto. White for free copy of Dr. Chase's Recipes.

HUNTER KILLED IN WOODS.

Accidentally Discharged Both Barrels of Shotgun Into His Body.

Vancouver, Oct. 15.—The body of Hugh S. Wooley, a Vancouver printer, residing at 398 Heatley avenue, has been brought to the city, the unfortunate man having met his death by the accidental discharge of his gun while on a hunting expedition near Pender Harbor.

Young Wooley, who was only 20 years of age, left Vancouver on a hunting trip accompanied by his brother, Milford, and three other companions. A launch was taken, and the party started operations in the vicinity of Spanish river. On Wednesday Hugh came across a porcupine and struck at the animal with the stock of his shotgun. The animal was killed by the blow, but the shock caused both barrels of the weapon to be discharged, the loads entering the young man's body and killing him almost instantly.

Horrified by the accident, Milford Wolley hastily summoned the other members of the party, and preparations were at once made for the sorrowful journey home. Bearing the lifeless body of his brother, Milford and his companions travelled through the dark over the winding eight-mile path down the river canyon to the launch. The vessel was promptly started for home.

The deceased was well known throughout the city, having come here from Seattle nine years ago.

GRANBY COMPANY.

Annual Statement Shows Net Profits to Have Exceeded Half Million Dollars.

Phoenix, Oct. 15. — At the annual meeting of the Granby Consolidated Mining, Smelting & Power Company, held in New York, the following directors were elected: Northrup Fowler, Jay P. Graves, William Hamlin, J. B. F. Herreshoff, Berthold Hochschild, Arthur Curtiss James, George Martin Luther, William A. Nash, Edward R. Nichols, W. H. Robinson, William H. Nichols, Sanford H. Stole, Edwin Thorne, A. L. White and George W. Webster. At a subsequent meeting the following officers were elected: George Martin Luther, president; Jay P. Graves, vice-president and general manager; Edwin Thorne and W. H. Robinson, vice-presidents; George W. Webster, treasurer; Northrup Fowler, secretary.

The retiring president, Jacob Langcloth, was the largest individual shareholder.

The statement for the fiscal year shows net profits to have been $564,946. Profit and loss surplus is $2,464,370, as compared with $2,698,678 a year ago. The actual cost of mining this year is $2.70, a decrease of 41 cents as compared with last year.

The newly-elected directorate indicated that those in accord with the progressive policy of General Manager Graves are now in control and a general expansion of the company's operations is looked for. The company has $900,000 cash in bank, which it proposes to use in development work and in the purchase of new properties, some of which have been under consideration for some time.

DEMONSTRATION ORCHARD.

Rossland, Oct. 15.—M. A. Henderson of this city, has received a letter from R. M. Winslow, provincial horticulturist, in response to his application for the demonstration orchard which is to be established in the Rossland vicinity. Mr. Winslow promises that M. S. Middleton shall visit the site and report fully upon it. Mr. Henderson has ten acres of land to the east of the city, and the soil is of admirable quality. Mr. Middleton is fairly well acquainted with it as he has visited it personally. Almost the whole of the land is cleared and some is already planted to fruit trees.

APPOINTS BUILDING INSPECTOR.

New Westminster, Oct. 15.—At a specitl meeting of the city council Mr. Wm. Turnbull, Sixth avenue, received the appointment of building inspector of the city. The office has been newly created. Mr. Turnbull is a builder of wide experience and the appointment gives satisfaction. One of his first duties will be to acquaint himself with the new building by-law now being put through the council.

NEW CONVALESCENT HOME AT DUNCAN

Corner Stone Will Be Laid on Saturday by Grand Master A. F. and A. M.

(Special Correspondence.)

Duncan, Oct. 15.—The corner stone of the convalescent Home and Emergency hospital at Duncan, will be laid next Saturday at 2 p. m. E. B. Paul, provincial grand master, A. F. & A. M., and a number of the officers of the society, will assist at the ceremony. A number of visitors from Victoria, Vancouver and Metchosin will be present and the King's Daughters of Cowichan and all friends of the order are invited to attend.

Mrs. Edward Hasell, acting provincial secretary of the King's Daughters, is visiting Cowichan until Wednesday next, as the guest of Mr. and Mrs. C. F. Walker of Tzouhalem.

The South Cowichan Bridge Club gave a very successful dance on Wednesday last.

SENTENCED FOR JAIL BREAKING.

New Westminster, Oct. 15.—"I did not intend to make my home in the penitentiary and I thought liberty looked as good to me as living there." This was the reason given by Frank Shaw, highwayman, when asked if he had anything to say at his trial before Magistrate H. L. Edmonds in the police court on a charge of breaking jail. Shaw is serving a three-year sentence for robbery with violence, and had been in the penitentiary since March 23 of this year. With other prisoners under charge of Guard Smith, he was working in a potato field in the jail ground on July 7. While Smith turned his back for a moment Shaw made a break for liberty and he had reached the western end of the penitentiary cottages when a couple of shots from the rifle of the guard caused him to throw up his hands and surrender.

Shaw elected to summary trial and evidence was given by Warden J. C. Brown and several guards. The defence of Shaw was interesting as showing that he evidently held the opinion that he had a perfect right to escape if he had a chance.

Magistrate H. L. Edmonds imposed an additional sentence of four months' hard labor.

While Guard Smith was engaged in bringing Shaw back to the penitentiary William Ellis, another of the gang under his care, considered the opportunity a good one to leave the institution. Ellis is serving a sentence of three years on a charge of burglary. He elected to be tried by a higher court and was remanded to the assizes on October 25.

Patrick Mullen and Ernest Dodds appeared before the magistrate charged with attempting escape on August 22. Mullen was convicted of manslaughter at Fernie and sentenced to 20 years. Both men were remanded to the assizes.

DEVELOPING CLAIMS.

Hazelton, Sept. 15.—Returns have been received from the ore sent from Harris Brothers' new locations on the west side of Nine-Mile mountain and show a total of $125 in all values.

Four men are at work on the claims which are eight in number and three ledges, varying in width eighteen inches to three and one-half feet have already been found.

The management is preparing to continue work all winter and expect to drive a tunnel on one of the veins when the snow drives them from the surface trenching on which they are now engaged.

The rich returns which these properties are giving in addition to the other valuable finds at Nine-Mile ensures a live camp at the mountain next summer.

THE B. C. LAND & INVESTMENT AGENCY, LTD.

922 GOVERNMENT ST.

A MODERN HOME.

An Exceptionally Well-built 9-room Residence, with stone foundation, having 96 feet frontage on Upper Pandora Street. The moderate figure of $8,000 is all that is asked for this home, on terms of $2,500 cash, balance on easy payments at 7 per cent.

This is positively one of the best "home buys" in the city to-day.

PRINCE RUPERT BUGLE BAND.

Prince Rupert, Oct. 15.—The local militia company, Earl Grey's Rifles, is making steady progress. The uniforms are now complete, embracing the leggings and great coats, so that the men turn out in any kind of weather fully accoutred.

Capt. Stork has just received from headquarters permission to proceed at once with the recruiting of a bugle and drum band in connection with the company.

CITY OF VICTORIA

A complete list of Local Improvement Works, authorized by By-Law, from time to time, will be found posted on the Bulletin Board at the main entrance to the City Hall.

WM. W. NORTHCOTT,
Purchasing Agent.

City Hall, September 14, 1910.

Local Improvement Works

The Municipal Council of the Corporation of the City of Victoria having determined that it is desirable:

1. To grade, drain and pave with bituminous macadam Blanchard street, between Humboldt street and Douglas street, and to construct permanent sidewalks of concrete with curbs and gutters on both sides of said street, including cost of sewer, surface drain and water laterals.

2. To pave with asphalt Vancouver street, from the south side of Burdette avenue to Humboldt street (roadway 32 feet wide), including cost of sewer, surface drain and water laterals.

3. To pave with asphalt Menzies street, from Belleville street to Simcoe street, including cost of sewer, surface drain and water laterals, and that the said work shall be carried out in accordance with the provisions of the Local Improvement General By-Law and amendments thereto, and the City Engineer and City Assessor having reported to the Council in accordance with the provisions of section 4 of said by-law, upon each and every of said works of local improvement, giving statements showing the amounts estimated to be chargeable in each case against the various portions of real property to be benefited by the said works; and the reports of the City Engineer and City Assessor as aforesaid having been adopted by the Council:

NOTICE IS HEREBY GIVEN that the said reports are open for inspection at the office of the City Assessor, City Hall, Douglas street, and that unless a petition against any proposed work of local improvement above mentioned, signed by a majority of the owners of the land or real property to be assessed for such improvement, and representing at least one-half of the value of the said land or real property, is presented to the Council within 15 days from the date of the first publication of this notice, the Council will proceed with the proposed improvement upon such terms and conditions as to the payment of the cost of such improvement as the Council may by by-law in that behalf regulate and determine.

WELLINGTON J. DOWLER,
C. M. C.

City Clerk's Office, Victoria, B. C., Sept. 21st, 1910.

Local Improvement Notice

The Municipal Council of the Corporation of the City of Victoria having determined that it is desirable:

1. To grade, drain and pave with asphalt Queen's Avenue (roadway 26 feet wide) from Quadra Street to Cook Street, and construct a permanent sidewalk, with curbs and gutters, on the north side of said avenue, from Quadra Street to Cook Street, and on the south side of said avenue from Vancouver Street to Cook Street, and to construct permanent sidewalks on both sides of said avenue from Cook Street to Chambers Street, and to construct a curb and gutter along the northern boundary of the North Park, including cost of sewer, surface drain and water laterals.

2. To grade, drain and macadamize with bitumen Vancouver Street, between Queen's Avenue and Bay Street, and to construct permanent sidewalks, with curbs, gutters and boulevards (including maintenance), also cost for main sewer, surface drain and water laterals, and that the said work shall be carried out in accordance with the provisions of the Local Improvement General By-law and amendments thereto, and the City Engineer and City Assessor having reported to the council in accordance with the provisions of section 4 of said by-law, upon each and every of said works of local improvement giving statements showing the amounts estimated to be chargeable in each case against the various portions of real property to be benefited by the said works and the reports of the City Engineer and City Assessor as aforesaid having been adopted by the council:

NOTICE IS HEREBY GIVEN that the said reports are open for inspection at the office of the city assessor, City Hall, Douglas Street, and that unless a petition against any proposed work of local improvement above mentioned, signed by a majority of the owners of the land or real property to be assessed for such improvement, and representing at least one-half of the value of the said land or real property, is presented to the council within 15 days from the date of the first publication of this notice, the Council will proceed with the proposed improvement upon such terms and conditions as to the payment of the cost of such improvement as the Council may by by-law in that behalf regulate and determine.

WELLINGTON J. DOWLER,
C. M. C.

City Clerk's Office, Victoria, B. C., September 27th, 1910.

CIVIC NOTICE.

Re Municipal Election, 1911.

The attention of persons desiring to qualify as "Householders," or "Holders of Trade Licenses," to vote at the Municipal Election to be held on the 2nd Thursday of January, 1911, is drawn to Section 6 of the "Municipal Elections Act," which provides that "in the case of the holder of a trade license, or in the case of a householder, he, or she, shall, during the month of October in each year, make, and cause to be delivered to the Clerk of the Municipality a Statutory Declaration made and subscribed before a Supreme or County Court Judge, Stipendiary or Police Magistrate, Commissioner for taking Affidavits in the Supreme Court, Justice of the Peace, or Notary Public, in form, and to the effect of Form 1 in the Schedule to the said Act in the case of the holder of a Trade License, and of Form 2 in said Schedule in the case of a householder."

"HOUSEHOLDER" shall extend to and include any person of the full age of twenty-one years who occupies a dwelling, tenement, hotel or boarding house, who has been a resident in the Municipality from the first day of January of the current year, and who shall, unless exempted by the provisions of the proviso at the end of sub-section (117) of Section 50 of Chapter 32 of the Statutes of 1906, being the 'Municipal Clauses Act' as amended (which exempts certified efficient militiamen and persons over the age of 60 years from paying road tax), have paid directly to the Municipality all rates, taxes or assessments, which are not chargeable on land, which rates, taxes or assessments so paid shall amount to not less than two dollars, due to the Municipality for the current year, other than water rates or taxes, or license fees for dogs."

Section 7 of the said Act further provides that "No declaration shall be accepted by the Clerk of a City Municipality, unless it be delivered within 48 hours after it is made."

Section 13 further provides that "No person who is not a British subject shall have his name placed upon any Municipal List of Voters."

Forms of Declaration may be obtained, and the necessary Declarations made, at the Office of the City Assessor, 2nd floor, City Hall, Douglas street.

WELLINGTON J. DOWLER,
C. M. C.

City Clerk's Office, Victoria, B. C., September 23rd, 1910.

Uncle Walt

The Poet Philosopher

LITTLE PETERKIN

Come hither, little Peterkin, and hearken to my spiel; I've sat and watched you playing there with ball and hoop and reel; and thrice your mother, at the door, hath called you to her aid, for she is busy canning prunes, and making marmalade. and thrice you answered: "I'll be there in just a brace of shakes," which answers, if not brazen lies, at least were dizzy fakes; and here you play with hoop and reel, and gambol like a lamb, while mother wrestles with the stove and stirs her blamed old jam. I tell you, little Peterkin, you're starting life all wrong; when mother calls, a little lad should line up for her strong. You have a lot of years ahead in which to romp and play, but mother's feet are drawing near the ending of the way. I've lived about a hundred years, and I've forgotten lots; the memory I carry 'round is kind o' blank in spots; but I remember mother well, and when she called I flew and left my play on eager feet, her little chores to do; and had I done the other thing in those dim, distant years, I could not speak of mother now without some bitter tears. So throw away the ball and reel, the hoop and skipping rope, and help your mother feed the stove and stir the boiling dope.

MAYNARD & SON, Auctioneers.

MUCH BUSINESS BEFORE BOARD

(Continued from page 1.)

Wharf street and west of Government street, where it is proposed to erect a public convenience. The property has a frontage of 35 feet on Wharf street and of 125 feet on Government street. The convenience will drain to a sewer on Wharf street. This sewer at the intersection of Wharf street and Government street is fourteen feet below the sidewalk, and fifty feet south of Wharf street. Competitive plans are to be received for building the convenience upon this site at an estimated cost of from $10,000 to $15,000. I do not think the architects will require any further information in connection with this structure. It might be well to have the city engineer's department submit a plan, so that in the event of none of the other plans submitted being accepted the committee may be in a position to proceed with its own design."

Mayor Morley has given notice that he will recommend at to-night's meeting that a bylaw be passed to give effect to the provisions of the Municipal Clauses Act providing for the establishment of a board of control. The idea was discussed by last year's council but no steps were taken to bring such a system of municipal government into force. Should the present council adopt the mayor's recommendation the election of the members of the board to serve next year would take place on the date of the regular municipal elections next January.

Mayor Morley will also recommend that at the next municipal elections a bylaw be submitted to the ratepayers authorizing the expropriation of necessary lands for a city square and the erection thereon of a city hall to be completed within three years from the time of the passage of the bylaw. His worship favors the creation of a civic centre, where the city hall and other civic structures which may be needed in the years to come could be grouped in an artistic manner, thus adding to the architectural beauty of the city.

Among local improvement works to be considered is the lighting by means of the recently adopted type of cluster lights Yates street from Government street to Douglas street and from Blanchard street to Cook street, the owners to pay the cost of installing the system and the city to supply the electricity. Other works are: the grading, draining and paving of Yates street between Blanchard and Cook streets, the owners to pay two-thirds of the cost; paving with asphalt Oliphant street, the owners to pay four-fifths of the cost; grading, draining and paving Belcher street between Oak Bay avenue and Fort street, owners to pay four-fifths; construction of a curb around the park area on Pandora avenue at a cost of $800.

The mayor will recommend that the water front lot on Rock Bay at the foot of Queen's avenue, owned by the city, be filled in by the creation of the necessary sea wall and filling in between the wall and Government street.

ANGLICAN SYNOD.

Bishop to Deliver Charge This Evening —Programme of Meetings.

This evening in Christ Church cathedral at 8.30 o'clock the Bishop will deliver his charge to the synod. All interested in the work of the church in this diocese are cordially invited to attend.

On Tuesday morning the holy communion will be celebrated at 10, at which all the clerical and lay members of the synod are asked to be present. The sessions will be held in the morning at 11, and the afternoon at 2.30 in the schoolroom. The meetings are open to the public. Luncheon will be served for the delegates at 1 o'clock.

On Tuesday evening at 8 o'clock a missionary meeting will be held to be addressed by the Dean and Messrs. A. C. McCreary and W. T. Clark, of Vancouver, when it is hoped there will be a large attendance.

The sessions of the synod will be continued on Wednesday.

Preliminary Notice.

If you are thinking about sideboards, do not hesitate or go elsewhere for something cheap, but come right along to our store, where we have the largest and best display and most reasonable prices.

Your Dinner Service Is Ready
Choose It From This "Hundred Patterns"

Yes, your dinner service awaits you here. No matter what you may desire in pattern or price, you'll find your ideal among these "hundred odd" patterns we show. Do you realize what a big choice almost a hundred different dinnerware patterns mean to the housekeeper looking for a dinner service?

It means one important thing, and that is—there's no such a showing offered in any other Western establishment. Best makes are represented:

HAVILAND, AHRENFELDT, LIMOGES, WEDGWOOD, ROYAL SWEDISH.

And products of other famous potteries. The prices are decidedly interesting—starting as low as.....$7.50
Don't miss the "stock" patterns. There's more than a dozen "open stock" patterns from which to choose.

Carpets and Curtains for the Diningroom

Though last on this list, the Carpets and Hangings are by no means the least important item in the proper furnishing of the dining room. It is essential that you have these to harmonize with the other furnishings, and there's no place where the choosing is so easy as here.

Easy to get your size, easy to get your style, easy to get your price from among the splendid assortment of carpets and squares we offer. In curtains and draperies we show by far the most interesting collection in B. C.

Choose these important items from our stock.
